c) Final Dividend .....	--	--

### DIVIDEND

To conserve the internal financial resources, your Directors have not recommend any dividend for the year.

### OPERATIONS

Though during the year both sales and production were volumewise higher by about 23%, the valuewise sales of Rs. 1266.98 lakhs is marginally higher as against the sales of Rs. 1233.54 lakhs last year. The pre-tax profit declined to Rs. 16.65 lakhs from Rs. 88.12 lakhs. The operations were adversely affected due to depressed market condition for aluminium extrusions through out the year. The Company had to reduce sales prices to maintain its sales. The Company's financial cost also increased by about 117%. These together with steep increase in power traiff eroded the profit margin substantially.

### PROJECTS

In view of the uncertain market condition for extrusions and additional capacity being added, your Directors have decided to defer the implementation of the copper extrusion project.

### FUTURE PROSPECTS

Due to prevailing depression in construction industry, the main consumer of aluminium extrusions, your Directors think it too early to visualise the future outlook. Your Directors are considering to undertake value addition in extrusions manufactured by the Company.
