Management Discussion and Analysis Report

Industry Structure and development

Fabric Processing (Textile Industry) development continues to be the thrust area and the government is committed to focus and spend on Textile industry development in the country. Large and long term investments and new global players are expected to enter the Fabric processing industry as there is huge potential for the Textile industry development in the country. There are various factors which act as strong drivers for long term sustainable real estate demand in India such as:

- Continued economic growth;
- Trend change in clothing;
- Young working population
- Rising disposable income;
- Increase Modernization;

Opportunities, Threat and Outlook

The Textile Sector in India has undergone rapid changes in the past few years. Bhilwara is known as textile city due to infrastructure and environment fabric processing industry have good opportunity changes in preference and choice of young generation also provide opportunity. New competitors have entered the core area of our operations in recent times. The fight for the market share has intensified with growing competition. This, combined with substantial increase in costs of inputs has neutralized the impact of Government's positive policies for Textile sectors. Most of the new players, who have come in with the support of large business groups, have the financial strength to sustain large scale investments. These players continue to propel the competition with improved quality of products and services.

Product Wise Performance

AKSL is one of the leading Process House for Processing of Polyester Fabric and Cotton Fabric in India. The Company provides quality processing with complete satisfaction.

To improve the operational and financial performance the company has:

- Implemented various energy-savings initiatives;
- Introduced new, high value techniques for fabric processing.

Risks and concerns

The company is continuously evaluating the risks of getting into areas where it has no exposure earlier, as compared to the risk of continuing to operate in an overcrowded, matured market uniformity in the regulatory environment concerning the fabric processing (Textile industry) also the availability of quality manpower, market research models and reliable database on industry are concerns that need to be addressed for attracting FDI inflows in the industry.

Compliance

The level of compliance is increasing day by day and any default can attract penal provisions. Your company is regularly monitoring and reviews the changes in regulatory framework and also monitoring its compliance mechanism so as to ensure that instances of non-compliance do not occur.
