STRATEGIC DIRECTION

How we have deepened our Aavas 3.0 preparedness

THE CONTEXT

Aavas is investing ahead of the curve by investing in four dimensions. The Company's four dimensions comprise a recognition of challenges coupled with an evolved business strategy, the ability to manage scale by maintaining quality, investing in efficient operational strategies and investments in human capital.

RIGHT TIME FOR AAVAS 3.0

Aavas 3.0 is an initiative at the right time for the following reasons:

One, it represents a timely response to challenges with a decadal goal to reach assets under management of ₹1,00,000 crore.

Two, it warrants a proactive investment in people and processes to make the Company future-ready.

Three, it warrants investments in futuristic technologies and analytics to enhance the customer's experience.

MANAGING SCALE

Aavas 3.0 is about the way the Company will need to identify, manage and leverage scale through three priorities.

One, the selection of the right human capital, business channels and location will lead to the right customers, right product, right price and right market.

Two, understanding the right insight through the development of a comprehensive understanding

of customer behaviour aligned with processes

Three, the development of efficient risk controls to identify and mitigate business unforeseens.

The complement of these priorities ensures that the maximum number of right customers are onboarded without compromising asset quality.

AAVAS 3.0 DRIVERS

Aavas 3.0 is driven by a combination of organic growth and desire to attain scale. Aavas has established competence in customer acquisition and underwriting. Going ahead, it intends to deepen market penetration by entering diverse markets and segments.

PREPAREDNESS FOR AAVAS 3.0

Aavas is prepared for scale to capitalise on the right opportunity at the right time. The Company's ability to analyse customer behaviour during the onboarding process will be tested. The Company's large data management competence will be validated. The Company's ability to shrink the learning curve, coupled with timely implementation, will be crucial. In a challenging and competitive environment, the Company aims to prepare for balanced growth, profitability, margins and loan quality.
