FINANCIAL PERFORMANCE:

The impact of global economic meltdown and recession of 2008-09 has been reflected on the financial performance of current year. However, turnover in respect of domestic sales has been increased by 30.89% in comparison to last year. But, overall, financial results of current year have been decreased in comparison to last year. Some of the financial parameters are given hereunder-

Particulars	2009-10	2008-09	Variance +/-
Net Sales			
-- Export Sales	371.82	1823.00	(79.60)
-- Domestic Sales	1556.92	1189.53	30.89

Profit after Tax	75.76	352.06	(78.48)
EPS	1.41	6.57	(78.53)

VALUATION :

The Profit before tax & Profit after tax have been decreased by 77.59% and 78.48% respectively from last year. The EPS has also decreased for the accounting year to Rs.1.41 from Rs.6.57 of 2008-09.

FUTURE PROSPECTS :

It is not out of place to mention here that, Government of India has constituted an Organization named as 'Bureau of Energy Efficiency' who have issued a mandate on 9th January 2010, that all Distribution Transformers to be

purchased shall be of minimum of '3-Star' Rating. It is cost effective to manufacture Distribution Transformers with Amorphous Metal Core to achieve 3-Star, 4-Star & 5-Star Ratings. In fact, your Company has already received 5-Star for 16 KVA and 4-Star ratings for 63 & 100 KVA from Bureau of Energy Efficiency. We have also applied for above Star ratings for other Transformers like 10,16,25,63 & 100 KVA for Unit I & IV. The States like Maharashtra, Gujarat and Rajasthan patronizes Energy Efficient Transformers and regularly buying Amorphous Metal Distribution Transformers in large quantities. Further, in view of thrust and policy of Government of India to electrify all Villages by 2020, the demand of Energy Efficient Transformers is likely to grow exponentially in coming year. Recently, Gujarat government called for Amorphous Metal Distribution Transformers worth more than 60 Crores. Rajasthan and Maharashtra are also floating large tender. Keeping these in views, your board in its meeting held on 30.07.2009 approved to set-up an Amorphous Metal Distribution Transformers manufacturing Plant at Vadodara with the support from Hitachi Metal (India) Limited and the process is going-on. The proposed capacity of the Plant would be 1000 Tons per annum and the cost of the project is Rs.445.00 Lakhs. From this project we will be able to meet the demand of AMDT Transformers in Western India.

However, due to global economic meltdown & recession of 2008-09, compelled with inflation of input cost and entry of new transformers Companies & expansion of existing units, the transformer industries as a whole are facing a difficult period. Moreover, the rupee devaluation in comparison to Euro/US Dollars results in decrease in profits in Exports. The prices of main raw materials like

Annual Report 2010

Copper, CRGO, etc. have been increased in International Market resulting higher input cost. Your Company is focusing on domestic orders from Utilities & Private customers and also taking all possible steps for procuring orders from overseas. During this current year, your Company has already procured orders from Jaipur Vidyut Vitaran Nigam(JVVNL); Rajasthan and hopeful of getting further orders from Gujarat Electricity Utilities, CESU & other Electricity Board, the orders will be finalized within next two/three months.

SUBSIDIARY COMPANY :

Phoenix Surgicare Private Limited (previously Jashoda Trades Private Limited) is the only wholly owned Subsidiary Company of your Company. The Company has not started any business activities till the end of this financial year.
