OPERATIONS

Your Directors wish to inform that your company has achieved a gross income of Rs. 19.84 lakhs as compared to Rs.505.80 lakhs for the previous year. During the year, your company has incurred a loss of Rs. 242.57 lakhs (after providing for Interest and Depreciation of Rs.150.71 lakhs) as compared to a profit of Rs. 24.98 lakhs during the previous year.

Against the various offers submitted during the year 1995-96, no contracts were finalised during the year under review. The offer submitted to ONGCL for conducting seismic surveys has been cancelled. The company was not awarded the contract for the offer submitted to Selan Exploration Technology Limited. Against the offer submitted to Oil India Limited for 2-D Data Interpretation, the company was the successful bidder. However, OIL decided to cancel the tender requirement. The contract with HOEC was over and the matter pertaining to release of payments is pending before the Court.

Letters of intent were issued against the offers for conducting Speculative Seismic Surveys by Directorate General of Hydrocarbons (DGH), and for conducting Reservoir Field Data Acquisition for ONGCL during the year under review.

Consequently, there were no operations during the year under review. However, your Company has made a beginning in the International Market by securing a contract for providing consultancy.

BUSINESS PLANS

Our efforts to diversify the scope of services offered has been successful. Your Company has once again proved to be a pioneer. As in the case of Seismic Data Acquisition, your Company is the FIRST INDIAN COMPANY to have signed a contract for conducting Reservoir Data Acquisition. This is an important milestone in the history of the Company. This contract is for a period of 2 years extendible by another 2 years and is worth 7 crores over a 4 year period.

Your Company is once again the FIRST INDIAN COMPANY to have signed a contract for SPECULATIVE SEISMIC SURVEYS. This contract with Directorate General of Hydrocarbons is worth Rs.5.60 crores in the first phase. The seismic data acquisition operations have commenced from June 1997.

A small beginning has been made in securing foreign contracts. In the years to come, your Company will endeavour in securing larger and more significant contracts from International Operations.

With the New Exploration Licensing Policy announced by the Government of India, a larger number of oil companies are expected to participate in Oil Exploration Programs. This is expected to generate more business opportunities for your Company.

Two Directors namely Sri A.RAJESH and Sri S.RAVULA REDDY will retire by rotation as Directors at the ensuing Annual General Meeting and being eligible, offer themselves for reappointment.

DIVIDEND:
