OPERATIONS REVIEW

Packaging Business:

During the year under review your Company registered a total turnover and other income of Rs. 11822.06 Lacs as compared to previous year's turnover and other income of Rs. 9345.02 Lacs an increase of 26.51%. The Company registered a Profit before Depreciation & Taxation of Rs. 2451.63 Lacs as compared to Rs 1972.47 Lacs recording a growth of 24.29% whereas Net Profit at Rs. 654.39 Lacs as compared to Rs. 339.35 Lacs the previous year, which shows increase of 92.84%. The top line growth was possible due to the business growth in the beverage industry as a whole, however, cut throat competitions and financials costs contributed to a marginal growth in the profit margins. The growth in the beverage industry is expected to maintain this year with contributory benefits accruing to the packaging business of the Company like previous year.

Pursuant to the approval of the Board of Directors at its meeting held on 24th April, 2009, the Company has completed its expansion programme at its works at Neemrana, Rajasthan and the new PET Preform line of the Company has started its commercial production on 18th February, 2010 and the Closure Line has started its commercial production on 10th March, 2010.

Textile Business:

The market scenario for the textile industry in the country as a whole remained continuously discouraging, accordingly, the Company remained on the same policy of putting on hold the Textile project.

Real Estate Business:

The real estate market of the country has started picking up and to start with in the residential sector. Since your Company owns its interest in commercial land situated at Gurgaon, Haryana, the Company expects finalization of the negotiations with any builder for developing the said land in the last guarter of this year.

DIVIDEND

Your Directors are pleased to recommend a dividend of Re. 1/- per equity share of face value of Rs. 10/- each for the financial year 2009-10. The dividend, if approved at the ensuing Annual General Meeting will be paid to those shareholders whose name shall appear on the register of members of the Company as on the date of Book Closure.

FIXED DEPOSITS

During the financial year 2009-10, your Company has not accepted any deposits from the public within the meaning of provisions of Section 58A of the Companies Act, 1956.

MANAGEMENT DISCUSSION AND ANALYSIS

Your Company has put in efforts to strengthen its place in terms of Country's share for providing packaging range to the soft drinks and other beverages industry by expanding its capacities at Neemrana, Rajasthan by installing a PET Preform Line and a Closure Line.

Your Company continued catering to the packaging needs of Beverages Industry of the country by way of supplying packaging for carbonated soft drinks (CSD), mineral waters, beer and other alcoholic beverages, juices, sauces, ready-to-drink milk products etc. Major chunk of Company's supply remained to Cold Drinks Industry which is growing at about 30-35% per annum and alcoholic beverages industry mainly beer which is growing at a rate of about 15-20% per annum. The Company's vision with regard to new market segments such as fruit juices, milk products, edible oil and other cosmetics items which is slowly moving to packaging items remained the same and your Company is capable of manufacturing of those packaging. Your Company therefore, expects development of new market segments in the years to come.

Due to adverse market scenario of Textile Industry in India, the project undertaken by the Company for setting up of integrated Textile Unit at Distt. Haridwar, Uttrakhand has continued to be kept on hold for the time being.

The real estate market started picking up in the country, therefore, your company expects inking any collaboration agreement with a builder of having track record for the development of commercial land of the Company situated at Gurgaon, Haryana.

INDUSTRY SECTORS

PACKAGING

The packaging industry supplying packing solutions to beverages industry are mainly divided into two formats viz., PET Bottles and Glass Bottles.

PET Bottles are also divided into two segments such as Plastic Closures and PET Preforms. Plastic Closures are mainly used in plastic bottles like CSD PET Bottles, mineral water and juices. The requirements of closures with respect to design and quality depend upon the need of the end-user. PET Bottles required by the Beverages Industry are being manufactured & supplied by the Packaging Industry in Preforms shapes and being blown up at the time of filling beverages. Various other end-users have started using plastic bottles as packaging medium. The usage of PET Bottles shows an increasing trend in products like edible oil, personal care products, pharmaceuticals and confectioneries. The usage of PET Bottles in Alcoholic Beverages Industry is also on the rise.

Glass bottles used as a packaging item requires crown caps for closure. Your Company manufactures Crown Caps which are mainly used as metallic closures for various edible items packed in glass bottles e.g. Carbonated Soft Drinks, Beer, Juices, Sauces, Ready-to-drink Milk products etc.

REAL ESTATE

The Real Estate market is mainly divided into two zones one is the residential and the other is commercial. Your company possesses interest in Commercial land.

OUTLOOK

PACKAGING

The Overall Beverage Packaging Industry is growing at over 30% per annum. The continued trend of shifting customer base from glass bottles to PET Bottles is being seen in a positive note. Extended summers are turning out to be bonuses for the Company for meeting the increased costs of operations. The Company being manufacturing all the three products as a packaging solutions to the Beverage Industry viz., PET Preforms, CSD Closures & Crown Caps, enjoys a respectable market share.

Segment Wise/Product Wise Review

CROWN CAPS

The crown market has been continuously recording negative growth due to lesser usage of glass bottles as a packaging item. In order to utilize the excess capacity in the crown segment of the company, your Company is making vigorous efforts to explore the export market. This has recorded in the export sales increase from Rs. 5.22 Crores to Rs. 11 Crores. Efforts are being continued to increase the share of exports further.

However, AMD remained one of the dominant players in the crown caps market during the year under review.

PLASTIC CLOSURES

The plastic closure market has continued getting its momentum due to increased usage of PET Bottles. The organized market is still dominated by the CSD but it is expected that other usage will also form significant share of the over all market.

With the expansion of putting up of one line of Closure at Neemrana, Rajasthan, AMD has maintained its market share. The demand of plastic closures will increase in segments where PET Bottles are gaining foothold as packaging media like water, juices, edible oil etc.

PET PREFORMS

With the expansion of putting up of one line of Preform, AMD enjoys a respectable market share.

Risks and Concerns

PACKAGING

Continued shifting of customer base from glass bottle to PET Bottles remains a cause for concern for the Crown Division of the Company. Further, increase in raw material cost and pressure on margins have a bearing on the profitability of packaging industry in totality. The Company is likely to be affected by change in governmental policies as it may affect the usage of end products.

However, the Company has established itself as quality supplier to its clients and is accepted as reliable player in the industry thereby not only retaining its base but increasing it as well.

Adequacy of Internal Control Systems

The Company has adequate internal control system commensurate with the size of the company. The Company has appointed M/s B.L.Khandelwal & Co., Chartered Accountants, as the Internal Auditor of the Company to carry out the internal audit of the activities of all the divisions of the Company at regular intervals. Their audit reports along with action taken reports thereon are reviewed by the Audit Committee of Directors.

Material Development in Terms of Human Resources

Human Resources are considered to be a form of capital and wealth of the Company. It has been the focus of the management to improve and expand the contribution of its human resources towards attainment of organizational goals and values. The growth of the Company and improvement in the systems has been sustained by the active involvement of the employees with the Management. The technical expertise of the Management has been shared with the employees at the works, which keeps them motivated to meet and improvise the set targets.
