DIVIDEND :

In view of the brought forward losses, the Directors do not recommend any dividend for the year under review.

OPERATIONS: -

Chemical Division:

During the year under review, the sales volume for the products manufactured in the Amines Plant saw a substantial growth, both on the domestic front as also for Exports.

Your Directors are glad to inform you that the Company's products have been well accepted internationally and export volumes touched an all time high.

Costs of raw materials and inputs have however increased from the last quarter of the financial year and the prices of finished products have not increased in the international market, because of a generally weak global demand and excess world capacity, putting the exports of the Company under pressure. Your Company is however, aggressively pursuing its export thrust.

Your Company has curtailed the manufacture of Plasticizers in view of adverse market conditions. It is however, utilizing a major part of this plant capacity for other value added activity.

The plant commissioned under the 'SPREAD' programme of ICICI which was established a few years back has been

used regularly both for process development and optimization as also for the manufacture of low volume, high value down stream products.

INDUSTRIAL GASES:

The Company continues to do job work for BOC India Ltd. However, during the year under review there has been no improvement in the working of this division. Negotiations are constantly under review with BOC for better utilization of the said division of which we are hopeful during the current year.

FUTURE PROSPECTS:

Prior to liberalization, the Company was engaged in the manufacturing of Products aimed at domestic market. After liberalization and reduction in duties, the Company found it difficult to earn profits because of drop in prices and margin of all its products.

The Company has over the years been able to, through its in house research & development changed its product-mix substantially, thereby increasing its product range and manufacturing capacities. Your Company at present is engaged in the production of its speciality range of performance products, which were launched in the national and international markets and are receiving good response.

In the last couple of years, the Company has concentrated on maximizing exports of its products and presently the Company has been successful in increasing its export

ANNUAL REPORT 2001-2002

turnover, which is approximately 40% of its total turnover. This has resulted in the Company achieving a turnaround and posting profits during the period under review.

In addition:

- The Company continued its efforts alongwith a leading engineering consultancy Company in UK for marketing of its technologies internationally.
- The Company endeavors to improve its Specialty Chemicals Plant utilisation in a more remunerative way during the year under review.
- The Company has entered into MOUs with two international manufacturing companies for investigating the possibility of manufacturing their products at our facilities, both for the domestic market as well as for the export. Preliminary work has commenced and further progress is expected during the current year.

EXPORTS:

During the year under review, the Company has achieved an export turnover of around Rs.25 Crores, nearly a growth of 350% over the previous year. The increase in the exports of the Company is due to the increased penetration of the International markets, consistent quality & service and competitive prices of products. Your Company continues to treat export as a thrust area and continues to pursue the same vigorously.

The Company, alongwith other major consumers of Ethylene Oxide (E.O.) have approached the Government of India for reconsidering the DEPB entitlements for export products based on E.O. where DEPB entitlement on the E.O. component is presently disallowed for calculation because of a notification to this effect by the Government of India in 1996. Your Company is hopeful of favourable response to these representations.

EXPORT HOUSE RECOGNITION:

The Company has been granted an EXPORT HOUSE status in view of the volume of exports achieved. This Export House Recognition is valid upto 31st March, 2007.

SICK INDUSTRIAL COMPANIES (SPECIAL PROVISIONS) ACT, 1985:

During the year, the Rehabilitation matter has been heard by the Hon'ble BIFR in the presence of Senior Officials of ICICI Ltd (Operating Agency) and the State Bank of India (Creditors). The Hon'ble BIFR has agreed to consider the modified Rehabilitation Scheme submitted to it and the final sanction of the scheme is still awaited.

RESEARCH & DEVELOPMENT:

Your Company is pursuing development of new products & formulations and as a result, your Company is hopeful of launching some new products during the current year.

During the year under review, your Company initiated activity in the area of providing value added services to its customers especially in the field of Gas Processing, through regular analysis of products supplied by us and trouble shooting advice. These services have been appreciated

and well received by the customers. This is expected to contribute significantly in expanding the customer base in coming years.

Your Company has been able to increase the manufacturing capacity of various Alkanolamines significantly through innovations achieved as a result of sustained R & D efforts. Thus, the overall manufacturing efficiencies have improved significantly.

Further, development of products for the use in field of Lubricants and Paints is also on the verge of commercialization as we obtain approvals for our products from customers.

Your Company continues its efforts to develop new products and processes based on present raw materials availability, having good marketing potential both domestically as well as internationally.

EAP INDUSTRIES LIMITED:

The Hon'ble BIFR, which is considering proposals for revival of EAPIL, has appointed IDBI as the Operating Agency (OA) and directed them to review the proposals for the revival of EAP Industries Ltd. Your Company has signed a tripartite agreement with "M/s. EAP Industries Ltd." and an Entrepreneur from the West Bengal for the revival of EAP Industries Ltd.

As regards matters before the Debts Recovery Tribunal (DRT), the stay granted to your Company in those matters continues.

CORPORATE GOVERNANCE:

The Clause 49 of the Listing Agreement with the Stock Exchanges requires every Company, which has a paid up capital of Rs. 3 crores and above to attach a Report on Corporate Governance along with the Directors' Report.
