PRESENT OPERATIONS

Your Company was incorporated to manufacture Automobile components for exports basically for the Distributor Sector in America and other parts of the world. However, the company changed its focus to cater to Original Equipment Manufacturers (OEMs) for value added items. The Company is now engaged in the manufacture of Air-Brake Components which are entirely being exported to OEMs customers such as Meritor, Freios Master etc. all Multinational Companies and the Spindles for Axles are also being exported to OEM.

Besides above, the Company has also developed few other items which are value-added items in terms of relationship with Raw-Material and the production will be effected very soon.

FUTURE OPERATIONS

Your Directors have pleasure to inform you that your company has received a letter of intent from Meritor Heavy Vehicles Systems LLC, USA for a period of three years to supply automotive components in addition to the previous orders amounting to Rs. 24.00 crores (approx.). The company is in the process of installing balancing equipments for executing the above orders. The company is in the process of getting QS- 9000 certification. Further the Directors foresee the bright future of the company ahead. The preparatory age of the company is over and it is ready to take off.

PROJECTIONS VS PERFORMANCE

The profits and the turnover of the company were less than the projected, due to lower utilization of capacities:
