PRESENT OPERATIONS

During the year under report, your Company's turnover has declined as compared to the previous year. Your Company is mainly exporting goods to United States of America and as you are aware, the business was affected by the September 11, 2001, tragedy. The business of Company has been broad based and new Part Nos. have been added to the Production List. This will give firm footage to the Company and make it less vulnerable to the rise and fall of the market conditions. Your Company has also received good orders from South America in addition to the European Market mainly being U.K.

FUTURE OPERATIONS

The order book of the Company is very good as compared to the last year. Your Directors foresee an upward jump of about 35% in the turnover of the current year. Due to completion of Lease Rent, the financial expenses shall be reduced as compared to the previous year. This shall lead to substantial increase in the profitability of the Company. The Company is focussed in reducing its long term debts and pursuing a policy to become a Long Term Debt Free Company. The Company is planning to expand and looking for new production facility in Greater Noida. Your Directors foresee a bright future of your Company.

ANNEXURE I

PARTICULARS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO AS PER SECTION 217(1)(e) OF THE COMPANIES ACT, 1956 AND THE RULES MADE THEREIN AND FORMING PART OF THE DIRECTOR'S REPORT FOR THE YEAR ENDED 31ST MARCH, 2002.

(A) CONSERVATION OF ENERGY

The products manufactured by the Company are material intensive. However, consistent efforts are being made for identifying the potential of energy saving in various facets of operations. Some of the steps taken in this direction are described below :

- Promotion of fuel efficient practices and equipment for captive power generation.
- Maximising stream efficiency and capacity utilisation.
- Modernisation of Plant and upgradation of technology.
- Continuous monitoring of all the production processes and adoption of preventive maintenance practices.
- Prompt and timely servicing of generators alongwith planned utilisation of electricity.
- Continuous emphasis on awareness of energy saving by effective implementation of energy conservation schemes, better house keeping, control & process upgradation.

Through implementation of the above steps, your Company succeeded in increasing the units of power from its own generation. Last year, your Company produced only 3.90 units per litre. But this year, your Company succeeded in producing 4.05 units per litre of diesel. The comparative statement is presented hereunder :
