MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT**A. Industry Structure and Developments.**

Both the Public and Private Sector share the Real Estate Industry. The Central & State Government owned Institutions, Housing Boards etc. and other Autonomous Bodies play a major role in developing the infrastructural facilities like roads, power, water supply, sewage disposal, transportation etc. and housing for low income group people. The Private Sector both organised and unorganised mainly cater the housing need of different section of people. The Housing Sector in India presently contributes roughly 4 % of GDP and 10-13 % gross capital formation.

The Development of Private Sector is entirely dependent on the infrastructural development which is carried out mainly by Public Sector/States. The present structure would need change in order to speed up the pace of development. The Government may like to concentrate more on large scale infrastructural development like roads, power supply, water supply etc. in order to help the Private Sector to provide more residential as well as commercial complexes such as office spaces, shopping centers etc. The build up of social infrastructure like schools, colleges, hospitals, retail etc. should be best left to the private industry. To expedite the pace of growth of Real Estate Industry, Research & Development efforts towards design, use of building materials and methods of construction etc. need to be accelerated.

B. Opportunities and threats.

After a five year lull in the Real Estate Market, property is again catching Investors' fancy. The Tax sops offered in the Union Budget, changes in Urban Land Ceiling Act and attractive offers from Housing Finance Institutions have brought the Real Estate Market into the limelight. Every one today is concerned for a roof over their head. The housing loan schemes now available have made this dream possible. Your Directors feel that these changes offer a great opportunity for your Company to come up to the expectation of the common man.

The biggest threat to the Real Estate Industry is the scarcity of developed land with adequate infrastructural facilities like power, water supply, sewage system etc.. The alarming hike in the rate of stamp duty and registration charges on transfer of property and out-dated Rent Control Act are also hurdles in growth of the industry. Another cause of concern to the industry is the mushroom growth of builders who don't have the necessary expertise to deliver a product on time, within the cost stipulated and of the quality promised. Only those would survive who ensure adherence to QTC - Quality, Time and Costs. Your Directors, who strictly adhere to the QTC factors do not foresee any threat to the Company.

C. Segment wise performance

Your Company's philosophy is to provide quality housing at an affordable cost and within time. The main focus of the Company is to cater the housing need of Middle/Lower Income Group people. The performance of the Company is satisfactory and it stands committed to its philosophy.

D. Out look

Your Company has the necessary infrastructure and experience to handle residential, commercial and industrial projects. The Company is looking for various opportunities in consonance with Government effort to provide housing in various cities of Rajasthan & Jharkhand. With the strong commitment of providing quality housing at an affordable cost to the middle income group people, the growth of your Company is very certain.

E. Risk & Concern

The downturn in the market has affected all Companies. However, the stable position that your company occupies enables it to cater to the need of housing accommodation of its customers.

F. Internal Control System

The System of Internal control of the Company is adequate keeping in view the size and complexity of the Company's business. Systems are regularly reviewed to ensure effectiveness.

G. Performance of the Company**Financial :**

The performance of the Company is satisfactory during the financial year 2000-2001. The Sales & Other Incomes of the Company for the Financial year 2000-2001 was recorded at Rs. 1104.36 Lacs as compared to Rs. 1007.90 Lacs in the previous year. The Company's profit after
