Dear Fellow Shareholder,

India is the topmost offshoring destination for information technology (IT) companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients in emerging technologies, it now offers an entire new gamut of opportunities for top IT firms in India. Notwithstanding global headwinds and uncertainties, NASSCOM has projected a growth rate of 7-9 per cent for the IT industry in 2018-19 in the country as against 7.8 per cent in 2017-18.

The Future is “Digital at Scale”. Global Upswing in economic activity and increasing Digital spend defining the next phase of Industry growth. While 2017 was a year of boardroom discussions about a lot of the disruptive technologies, 2018 is predicted to be the year of action where most of the disruptive technologies will see the limelight. As per NASSCOM, exports would be at \$137 billion dollars in 2018-19 as against \$126 billion dollars in 2017-18. The industry is expecting to add 1,00,000 jobs in 2018-19. NASSCOM noted the rise of digital solutions and said that digital now forms nearly 20% of the total exports. Segments like blockchain and AI are seeing traction and expects digital services to grow 1.5-2 times the rest of businesses.

The Indian Engineering sector has witnessed a remarkable growth over the last few years driven by increased investments in infrastructure and industrial production. According to NASSCOM the global (ER&D) spend was USD 1.80 trillion in 2017, a growth of 3.2%. India (ER&D) earned a revenue of USD 26.90 billion in the financial year 2018, a growth of 12%, reaching a market of USD 70 billion by 2025. The global trend includes companies moving from analog to digital offerings, many non-tech companies re-branding themselves as tech firms and Technologies like big data analytics (data monetisation), AI/ML (intelligent products/services), IoT (connected products) being key areas of investment with, Domestic market likely to get a boost from Smart cities, IoT, Defense, Electric mobility and Semiconductors. Further, in the global ER&D, Automotive, the focus area remains Electric Vehicles, autonomous/connected cars, battery technology and mobility while the R&D spend in Semiconductor includes - IoT, VR, connectivity and transistors (10 nm/7 nm).

Globally, Industry is moving rapidly in the areas of Digital Transformation (Dx) comprising of Industry 4.0 (Smart Manufacturing), Internet of Things (IoT), Big Data leading to Artificial Intelligence (AI), Machine Learning (ML), Deep Learning (DL), Virtual Reality (VR), Augmented Reality (AR), Mixed Reality (MR), Mobile Applications, Cloud, Virtualization and related Network Security / Encryption platform.

Providing such a solution does not come without challenges. To address these opportunities, keeping in mind the challenges, ASM is well poised to bring in solutions to the industry at large. ASM is proud to be the Co-Creation Partner in these initiatives at various locations across continents.

The thrust areas for ASM will continue to be in the Semiconductor Equipment, Hi –Tech, Automotive verticals.

This “New Product Revolution” has opened opportunities for companies, like ASM, in the space of Engineering Services. The IoT (Internet of Things) offers quality space for new product development and ASM is working on creating its own products, as well as Co-Creating for customer's products. The next couple of years will be exciting in this space.

Cashing in on this opportunity, ASM, through the initiative of ARISE (ASM Research and Innovation Step for Excellence) has seen remarkable success in the “Co-Creation of IP led Product Innovation” and Platform Services for its clients. As a System Design House, ASM is fully equipped to handle complex Electronics, Mechanical and Embedded software design and development to complete the product under one roof. Further, working prototype and manufacturing results in the entire product realization for the client.

The future looks exciting and upbeat in the R&D – Products and Engineering Services Outsourcing (ESO) space. There are lot of drivers for the clients like Reducing Product Development Life Cycles, Global Competition and getting a first mover advantage by ring-fencing the IP. The clients are equally excited to

collaborate with the Engineering Service providers, like ASM, to leverage their capability for global, regional and adjacent markets, thereby optimize the R&D Operations.

Overall, on the basis of the standalone front, your company registered a total revenue of Rs. 761.91Mn for the year ended 31st March 2018. Domestic sales was Rs.64.70Mn while Export sales was Rs.697.21Mn. EBIDTA was at Rs.85.72Mn and Net profit after tax was Rs.37.03Mn.

The Consolidated total revenue for the year ended 31st March 2018 was Rs.826.26Mn. EBIDTA was at Rs.85.72Mn and Net Loss after tax at Rs.4.29Mn.

During the year 2017-18 the company declared an Interim dividend of Rs.2.50/- per equity share of Rs. 10/- each on 4th November, 2017. In keeping with the dividend policy, the Directors have recommended for approval of the members; a final dividend of 2.50/- per equity share of Rs 10/- each for the financial year 2017-2018. The final dividend if approved by the members and paid out will be Rs. 12.50Mn, interim dividend paid Rs.12.50Mn, amounting to a total Rs. 25 Mn for the financial year 2017-18. Rs.5.16Mn will be paid by the company towards total dividend tax and surcharge, thereon. The dividend payout for the year under review has been formulated in accordance with the Company's policy to pay sustainable dividend linked to long term growth objectives of the company to be met by internal cash accruals and the shareholders' aspirations.

The company continued to sustain its profitability despite a volatile and challenging external environment during the year under review with the unstinted support of its dedicated, committed and competent employees. We attribute our success to an experienced management team and to a customer- oriented organization that is dedicated to excellence. Steered by the talent of our people and vesting faith in the resilience of our business model we look forward to overcoming challenges that lie ahead of us.

On behalf of the management of the company and on my behalf, I take this opportunity to thank

- Our esteemed customers, shareholders, vendors, business partners, advisors and consultants for their support.
- Employees of the company for their valuable contribution, efforts and spirit of dedication.
- State Bank of India, Overseas Branch, Bangalore, Karnataka, India and Indian Bank, Singapore for their support and guidance
- Central and State Government, Customs, Reserve Bank of India, Software Technology Parks of India (STPI) and NASSCOM.
