**AUTOMOTIVE AXLES LIMITED****DIRECTORS' REPORT****To the Members**

Your Directors have pleasure in presenting the Twentieth Annual Report on the performance of your Company, and the Audited Accounts for the financial year ended 30th September 2001.

**Economy and the Market:**

The GDP grew only at about 5% during the year under report, as against the expected growth rate of over 6%. The core sectors of the Economy, that have a bearing on the growth of the Commercial Vehicles Market, did not perform in line with expectation, resulting in a negative growth of this market as shown in the table below

(Volume in Nos.)

Year (Oct-Sep)	1999-2000	2000-2001	Change B/(W)	% B / (W)
M/H C Vehicles	104199	88046	(16153)	(15.50)

There was, however, a marked improvement in the demand for Heavy Duty/Multi-Axle Commercial Vehicles, due to non-viability of the standard trucks.

The overseas market, especially in the USA, collapsed and the demand for your company's products dropped by a huge 49%. This impacted your Company's exports substantially.

**Review of Performance:**

In the light of the economic scenario described above your company's performance is commendable. This was mainly possible due to a substantial growth in the heavy-duty truck market, and increased requirements from the Army. These market segments predominantly use multi-axes, which are manufactured only by your company in the country, apart from some of the OEMs. As a result, your company's performance was impressive as follows:

**Turnover:**

During the year, your Company achieved a growth in Sales of 22.40%.

(Rs. in million)

Current Year	Previous Year	% increase
1694	1384	22.40

**Net Profit:**

The profit before tax improved from Rs. 109.33 Million to Rs. 172.61 Million or by 57.88% over the previous year's results. Better performance was possible due to better product mix, better control on costs on all fronts, and better financial management. Profit before interest, depreciation, extra-ordinary items and tax was, therefore, at Rs. 258.01 Million up from 178.68 Million for the previous year.

**Dividend :**

Your Directors are pleased to recommend a dividend @ 35%, for the year ended 30.09.2001 and this would absorb Rs.58.29 Million.

**Contribution to Exchequer:**

During the year under report, your Company contributed to the exchequer sums aggregating to Rs. 422.67 million as follows :

(Rs. in million)

a.	Excise duty	230.81
b.	Customs Duty	57.07
c.	Sales Tax	76.09
d.	Income Tax	58.70
	<b>Total</b>	<b>422.67</b>

**Outlook:****Domestic Market:**

The domestic economy is not expected to show any significant signs of growth in the coming year. However, the multi-axle vehicles are increasingly becoming popular with the fleet owners and this would bring about a sea change in the structure of the commercial vehicles market.

**Export Market:**

Some improvements are now visible in the addressed markets. Efforts are on to secure export orders for new products through Arvin Meritor Inc., USA.

Your company is well placed to improve its performance, because of this, during the current year.

**Capital Expenditure and Funding:**

In keeping with the policy of creating capacity ahead of demand, your company has already initiated strategic expenditure to further improve the capability of Gear generating, Painting and Material handling facilities. It is also proposed to improve working conditions further, with an emphasis on health and safety of the employees of the Company. These would entail an expenditure of Rs.168.79 millions and will be funded largely by internal accruals, with minimum borrowings as may be required.

**Conservation of Energy, R & D Technology Absorption:**
