

Growth <sup>with</sup> Goodness

Adani Enterprises Limited Annual Report 2018-19

### Enhancing Value. Building India.

# **Inside the Report**

"Our nation is expected to see an investment of a trillion dollars in infrastructure, split evenly between public and private sector resources and is on its way to becoming a five trillion dollar economy over the next five years."

Gautam S Adani Chairman

"The economy witnessed a growth of 6.8% during FY19 on the back of firm industrial development, improvement in monetary and fiscal policies, growth in private investments and stabilization in GST implementation."

Rajesh S Adani Managing director

An august infrastructural or industrial development does contribute to the growth of a nation, but what truly "builds" a nation is the value that is created in the lives of the people living in it.

This has always been the core line of thought at Adani, which has led to value creation being our primary point of focus, as we move across various industries and strategically contribute to its development. We have left our footprint in areas that have helped accelerate India's potential growth, and thereby we have created value – for our employees, our stakeholders, and our fellow Indians!

Our priorities are simple – to create value, consistently. Our goal is singular – to empower the nation!

#### Incubating Business Highlights

### About Adani Group

Adani Group is one of the leading business conglomerates and the largest integrated player in infrastructure and energy space in India. Over three decades, the group has emerged as a global player with business operations spread across key sectors like energy, resources, logistics, and agro, amongst others. Since inception, the group has focused on serving the diverse needs of people, deliver strong value propositions and contribute to nation building.

#### Adani Group - Global Scale Infrastructure Developer, Owner and Operator

- Massive Scale across Infrastructure verticals (\$29bn+ of assets under management contract)
- Proven Execution Capabilities and track record (Delivered India's largest single location port, thermal & solar manufacturing plant)
- Operational Excellence with productivity, low-cost operations (Focus on margins and shareholder returns)
- Successful Track Record of integrating acquisitions (Acquired, turned around and integrated \$2.5b+ assets)
- Deep Management Experience in regulated environments (Sponsor Family supported by Professional management team)
- Strong and consistent Financial Performance (2 Investment Grade Rated Companies)

### About Adani Enterprises Limited

Adani Enterprises is an incubator focusing on establishing new businesses in infrastructure and energy sector. It has done this consistently since 1994, when it was first established and listed.

In over 29 years of existence, AEL has positioned itself to nurture businesses that address national importance and creates value for stakeholders. It has diversified business interests across key industries, emerging as a market leader and participating actively in nation building. Businesses like APSEZ, Adani Power, Adani Transmissions and other businesses were demerged from Adani Enterprises and/or independently listed on the stock exchanges. In the last two years, consistent with the same model we have demerged Adani Green Energy Limited and Adani Gas Limited from Adani Enterprises which were respectively listed in June 2018 and November 2018.

#### Adani Enterprises – Delivering value creation

At AEL, we believe we are in the business of creating value. Our shareholder value enhancement is possibly one of the largest on the Indian stock exchanges. Our focused value-creation philosophy and implementation of sound business strategies centered on nation building are result of this outperformance. Consider this, an investor who bought shares of AEL on listing in 1994 at ₹150 stands at an appreciation of ~599% to ₹90,000 per share as on May 2019.

#### Water

The company would undertake development and rehabilitation of sewage treatment plants and its associated infrastructure on HAM mode basis at Prayagraj (Allahabad)

#### Data Centre

World's first 100% renewable powered data center parks to be created in Visakhapatnam making India a data hub of the region 67 MMT

- Pan India network of manufacturing, marketing, sales and distribution

#### Incubating business

\*3 projects are awarded and 3 projects are in final evaluation stage for being awarded

### Chairman's Message

# $\bigcirc$

The portfolio of companies in the AEL basket has never been stronger and each of these next generation businesses holds tremendous potential for the future.

#### Dear Shareholders,

Greetings! We live in interesting times. India continues to be the world's fastest growing economy. We are expected to become the world's fifth largest nation by the end of this year. Our nation is expected to see an investment of a trillion dollars in infrastructure, split evenly between public and private sector resources and is on its way to becoming a five trillion dollar economy over the next five years.

#### India at an Inflection Point

In the recent elections, the mandate received by the Government is an indication that the citizens of our country have voted for stability in support of a vision that addresses large segments of the society in a fashion and scale that will radically change India's development trajectory. In an analysis published earlier this year, the World Economic Forum predicted that India would have lifted 2.5 crore more households out of poverty over the next decade thereby reducing the share to households below the poverty line to 5%. For a size of our nation, these are staggering statistics and a harbinger of hope and optimism for the entire nation. Undoubtedly, there will be challenges and not all programs may get executed to perfection but there cannot be any denying the fact that the ambitions of our nation are taking shape in a fashion that is transformative and exciting and India is at an inflexion point.

### The Transformation of the Adani Group

For the Adani Group FY18-19 has also been a year of inflexion. Each one of our six publicly traded Group companies delivered record financial performance and made tangible progress in further consolidating their positions as industry leaders in every segment we operate in. Each of the Group companies are now growth platforms that, while mutually independent, draw upon the management and leadership synergies that exist in the Group.
