DIRECTORS' REPORT TO THE SHARE HOLDERS

Dear Share holders,

Your Directors are pleased to present their 22nd Annual Report together with the Audited Balance Sheet and the Profit & Loss Account for the year ended 31st March, 1998.

OPERATION & PERFORMANCE

Your Company's performance during the year under review has been satisfactory.

Your Company has set a new high in respect of Caustic Soda production. Production during 1997-98 was 38,976 MT as against production of 37,698 MT in the previous year.

Your Company has also been successful in marketing the increased production, despite unfavourable market conditions resulting from the general industrial slowdown and a supply demand imbalance. Conditions were further aggravated by low priced imports, which were encouraged by the low rates of Import Duty. The consequent and intense domestic and international competition adversely affected the realisations for both Caustic Soda and Chlorine.

Your Directors believe that the proposals contained in the Finance Bill 1998 consider the interests of domestic industry, will curb unnecessary imports and will thereby partially redress the difficulties faced by industry.

Your Company has begun to derive the benefits thereof. The remaining modernisation work is progressing satisfactorily.
