Accordingly, a supplemental Agreement is, therefore, proposed to be entered into with Shri K. K. Patodia to give effect to a revised clause 5 (b) (i) (a) & (b) and 5 (b) (ix) of the agreement dated 6th September, 1996. The aforesaid Supplemental Agreement covers the revision only in the Clause 5 (b) (i) (a) & (b) and 5 (b) (ix) of the agreement dated 6th September, 1996 and all other terms and conditions of the Agreement dated 6th September, 1996 remain unchanged. As the members are aware that Shri P.R. Earned/Privilege leave :

On full average pay and allowance as per rules of the Company but not more than one month leave for every eleven months of completed service. The leave accumulated but not availed off will be allowed to be encashed.

This Agreement did not have provision for giving medical leave which is proposed to be included therein now. Accordingly, a supplemental Agreement is, therefore, proposed to be entered into with Shri P.R. Roy to give effect to a revised clause 4 (b) (xiii) of the agreement dated 13th August, 1997. The aforesaid Supplemental Agreement covers this revision only in clause 4(b) (xiii) of the Agreement dated 13th August, 1997, all other

terms and conditions of the Agreement dated 13th August, 1997, remain unchanged. The revised clause 4 (b) (xiii) of the agreement is given below.

#### **Item No. 8**

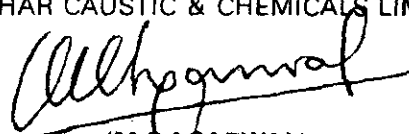

Under section 293(1) (d) of the Companies Act, 1956, the Board of Directors cannot, except with the consent of the company, in general meeting, borrow moneys (apart from the temporary loans obtained from the company's Bankers in the ordinary course of business) in excess of the aggregate of the paid up capital and free reserves of the company (that is to say, reserve not set apart for any specific purpose). The company had empowered the Board of Directors to borrow funds up to Rs. 100 crores (Rupees one hundred crores only) in its Annual General Meeting held on 26th August, 1995. Considering the implementation of proposed power plant project, the present limit of Rs. 100 crores (Rupees one hundred Crores only) is considered inadequate and as such the company would be required to borrow funds exceeding the present limit. It is, therefore, proposed to increase the limit from Rs. 100 Crores (Rupees One hundred crores only) to Rs. 150 Crores (Rupees one hundred fifty crores only).

The Resolution is commended for your approval. None of the Director of the company is in any way concerned or interested in the aforesaid Resolution.

## BIHAR CAUSTIC & CHEMICALS LIMITED

### DIRECTORS' REPORT TO SHAREHOLDERS

**Dear Shareholders,**

Your Directors are pleased to present the 23rd Annual Report together with the audited Balance Sheet and the Profit & Loss Account for the year ended 31st March, 1999.

#### **OPERATIONS & PERFORMANCE**

Your company's performance during 1998-99 has been satisfactory considering the adverse market conditions that prevailed throughout the year.

Production of Caustic Soda during the year under review was 38,963 MT, almost at levels of 38,976 MT in the preceding year. The production during 1998-99 reflects optimum utilisation of capacity despite numerous disruptions in power supply.

Your Company was also successful in marketing of full production. However, the year under review has been marked by an industrial slow down which adversely impacted almost all segments of industry. The Caustic Soda industry was hit particularly hard on account of a steep fall in consumption from sectors such as Papers, Plasticizers and Steel. There was intense competition on account of a supply demand imbalance resulting from excess capacity in the country. Industry also had to contend with huge volumes of imports at low prices. Consequently, realisations for both Caustic Soda and Chlorine were adversely impacted. Amidst adversity, your Company made a notable achievement by way of increased exports of Caustic Soda and Liquid Chlorine to neighbouring countries.

Despite best efforts, production cost increased marginally during the year under review. The Company had to contend with a substantial increase in cost of salt, a major input. Prices of Salt increased as a consequence of natural calamities. Power interruptions and retrospective increases in tariff also resulted in increased costs. In addition, the Company had to bear additional costs by way of increased freight on account of a breakdown of a critical rail link. These factors combined to negate gains made by way of stringent controls and other efforts directed at cost reduction.

The Dividend will be paid when approved by you at the Annual General Meeting, in accordance with regulations prevalent at that time.

**CAPTIVE POWER GENERATION PROJECT**

Electricity is a critical input for the manufacture of Caustic Soda and an uninterrupted supply of economically priced power is a must for a significant reduction in production costs. In past years, your Company's performance has suffered on account of interruptions in supply and significant retrospective increases in power tariff which a power intensive business cannot afford.

A consideration of these factors have prompted your Company to put up a 30 MW Captive Thermal Power Plant at an estimated cost of Rs. 152 Crores. Work has commenced and significant progress made on this installation.

Civil foundation for the Boiler House and Power House have been completed. Orders for major equipment have been placed and some equipment has already been received. Boiler erection has commenced. Your Company has obtained Coal Linkage as well as various statutory clearances essential for commissioning of the Power Plant. Measures for ensuring compliance with environmental regulations include installation of a high efficiency Electrostatic Precipitator and an Effluent Treatment Plant.

The Power Plant is expected to be commissioned in 2nd quarter of financial year 2000-2001.

**MODERNISATION SCHEME**

Work on installation of balancing equipment for increased productivity and efficiency has been completed during the year under review. Your Company has begun to derive benefits from the completion of this activity.
