#### **Management Discussion and Analysis**

#### Industry Structure and Development

Aeonian Investments Ltd. is an investment company investing in shares, both quoted and unquoted and in units of Mutual Funds. The industry structure, relevant to the company's operations, is mainly concerned with the capital market and partly with the mutual fund industry. The company handles its investments in the capital market largely through a reputed portfolio manager and to some extent, on its own.

#### Industry Overview

The Indian economy continued its upward turn with its GDP showing consistent growth. For most of the year, the Indian Capital Market maintained its buoyancy, with the Sensex rising to over 21000 points on 10<sup>th</sup> January, 2008. The latter part of the financial year however witnessed a steep decline, in the index owing to the adverse performance of the US Economy, especially the sub-prime crisis, and fear of it's indirect impact on our economy. Inflation, which was brought under control in the early part of the year, started rising as expected to around 8%.

#### Operational performance

Income from Operations declined from Rs. 359.71 Lacs to Rs.144.71 during the year under consideration. Profit on Sale of Investments increased from Rs.1792.05 Lacs in the previous year to Rs.2157.98 Lacs during the year, a growth of over 20%. Profit before depreciation (cash profit) increased from Rs. 1773.71 Lacs in F.Y.2006-07 to Rs.2033.50 Lacs in F.Y.2007-08, a growth of 14.65%.

The Profit after Tax: The Company's Profit after tax increased by 19.27% to Rs.1802.74 Lacs during the year under review, as compared to Rs.1511.52 Lacs in the previous year. Your Directors consider the performance of the Company as satisfactory.

Reserves and Surplus as at March 31, 2008 stand at Rs.8668.30 Lacs, a growth of over 19.02%.

The company's investment portfolio continues to be in equity shares of growth-oriented companies that are capable of not only withstanding the adverse impacts of inflation but also improving their performance.

#### Outlook

Increasing inflation has been a dampening factor in an otherwise booming economy. This surge in inflation is attributed largely to supply side constraints, although some demand pressures have also fuelled it. The primary cause of inflation can be attributed to global prices of industrial commodities such as metal, crude oil, being very high. With domestic supply side factors inherently slow in responding to increased demand, the onus falls upon monetary measures to rein in inflation. Interest rates will remain unchanged till inflation is brought under control.

At the same time, the Indian economy is expected to maintain a healthy GDP growth rate of 8%. Additionally, the outlook for all of India's key growth drivers such as consumption, demand, infrastructure spending, corporate investment, and competitiveness in terms of intellectual capital, labour, skill etc remains positive. These factors will drive long term growth. The Company's performance in 2008-2009 will be subject to the effect of these factors.

The Directors believe that the Indian Capital Market will witness gradual growth, however at a slower rate than that of the past few years. They also believe that there will be opportunities for medium term investments in certain sectors/counters that will fetch attractive appreciation to the investment portfolio.

#### Risk and Concerns

Company's performance is closely linked to the Indian Capital Market and consequently to the risks associated with market operations. The value of the company's investments may be affected by factors affecting capital markets such as price and volume volatility, interest rates, currency exchange rates, foreign investment, government policy changes, political and economic developments, crude oil prices and economic performance abroad.

A large part of the company's investments are under the discretionary management of the reputed portfolio manager who operates in several different segments of the financial services industry. The company is therefore exposed to risks associated with the management of its portfolio by the manager.

#### Segment

The primary segment of the company's business is 'investment in the capital market.'

#### Internal Control Systems and Adequacy

An adequate system of internal control is in place which mandates maintaining proper accounting records and assures reliability of financial information. The company is initiating efforts to set up risk control procedures to guard against risks of the capital market.

#### **Cautionary Statement**

The statement in this report, including the Management's Discussion and Analysis Report, reflects the company's projections, estimates, expectations and predictions and contains a forward looking statement that involves risk and uncertainty. The company undertakes no obligation to publicly update or revise any forward looking statements, whether as a result of new information, future events or otherwise. Actual results, performances of achievements could differ materially from those expressed or implied in such forward-looking statements. Readers are cautioned not to place undue reliance on these forward looking statements that speak only of the expectations as on the date.

#### Dividend

The Directors are pleased to recommend a dividend of Rs. 7/- (350%) per Equity Share (Previous year Rs. 7/- (350%) per Equity Share) for the financial year ended 31<sup>st</sup> March 2008. Outgo on account of payment of the dividend will absorb Rs. 393.10 Lacs including Dividend Distribution Tax payable by the Company.

#### Appropriation

In accordance with the provisions of Section 45 IC (1) of the Reserve Bank of India Act, 1934, a sum of Rs.361 lacs being 20% of the profits for the year is transferred to Reserve Fund. Further an amount of Rs. 184 Lacs has been transferred to General Reserve. The remaining balance of Rs.4998.30 Lacs has been carried forward.

#### Investment in Office Premise

Some years ago, the company had invested in office premises at Raghuvanshi Mills, Lower Parel, and had given this out on a Leave and License basis. The Licensee, however was neither paying the license fees nor vacating the premises. The company filed a suit against the said licensee in the Court of Small Causes for recovery of rent and for evacuation. The court passed an order in favor of the company directing the Licensee to vacate the premises. The said premises are now in possession of the Company.

#### Directors

In accordance with the Articles of Association of the Company, Shri Manubhai G. Patel and Shri Bhanushankar R. Trivedi, Directors of the Company, retire by rotation and being eligible, offer themselves for reappointment.

The Directors recommend their reappointment.

#### **Directors' Responsibilities Statement**
