Management Discussion and Analysis

Industry Structure and Development

Aeonian Investments Company Ltd. is an Investment Company investing in shares, both quoted and unquoted and in units of Mutual Funds. The industry structure relevant to the Company's operations is mainly concerned with the capital market. The Company handles its investments in the capital market through a reputed portfolio manager.

Industry Overview:

Indian economy is adversely affected by persistent inflation over the last few years. The rising incomes propped the purchasing power of the population, driving consumption demand in sectors, where supply lagged particularly, in food-grain and non food-grain commodities, Sharp increase in international prices of fuels also contributed to inflationary pressure. The Government has been going very slow on various reforms, expected by large investors and market. Market participants were particularly concerned about subsidies—fertilizer, food and fuel; falling rupee against dollar; unreported corruptions; widening current account and fiscal deficits. Net Buys by the Foreign Institutional investors have been declining during the year as compared to these of the earlier years. Economic situations in Euro Zone countries and other priced the Capital Market towards losses.

Operational performance

Total Revenue increased from ₹ 381.79 Lakhs to ₹ 498.45 Lakhs during the year under consideration. Profit before depreciation and tax increased from ₹ 188.11 Lakhs in the financial year 2010-11 to ₹ 467.88 Lakhs in the year under review.

The Profit after Tax: The Company's Profit after tax increased to ₹ 374.99 Lakhs during the year under review as compared to ₹ 140.70 Lakhs in the previous year.

Reserves and Surplus as at 31st March, 2012 stand at ₹ 8931.77 Lakhs. The net worth of your Company at the year end stands at ₹ 78.22 crores which translates to a book value of ₹ 163 per share.

The Company's investment portfolio managed by Portfolio Managers, M/s. Enam Securities Private Limited continues to be in equity shares of growth-oriented companies that are capable of withstanding the adverse impact of the slow down in the economy.

Outlook

Outlook for the Company is linked to Capital Market. The Portfolio Manager managing Company's investment in equity market believes that Company's Investments in the equity shares of various companies would reasonably perform in the ensuing years.

Risk and Concerns

As mentioned earlier, Company's performance is closely linked to the Indian Capital Market and consequently to the risks associated with market operations. The value of the company's investments may be affected by factors affecting capital markets such as price and volume volatility, interest rates, currency exchange rates, foreign investment, government policy changes, political and economic developments, crude oil prices and economic performance abroad; etc.

A large part of the Company's investments are under the discretionary management of the reputed portfolio manager. The Company is however exposed to risks associated with the management of its portfolio by the manager.

Segment

The primary segment of the company's business is 'investment in the capital market.'

Internal Control Systems and Adequacy

An adequate system of internal control is in place which mandates maintaining proper accounting records and their periodical verification, by the Management and the Statutory Auditors.
