There was a sharp reduction in Cotton production causing considerable increase in its prices. Increase in cost of other inputs coupled with sluggish demand for Cotton Yarn both in domestic and export markets with no improvement on the realisation front has resulted in lower profits than projected.

Despite this, the Company had substantially exported its products as compared to the previous year. However, the currency turmoil in South East Asia squeezed the operating margins. These critical factors caused fall in the operating margins of the Company resulting in lower net profits as compared to the projected levels.

OPERATIONS:

The Company's Total Income and Gross profit amounted to Rs. 3731.22 lakhs and Rs. 474.66 Lakhs respectively.

This represents a fall in Total Income of 1.58% and in Gross profit 19.07% as compared to the Previous year.

The Company's continued emphasis on quality products enabled to substantially improve its export base. The export turnover constituted 52.74% of the total turn over of this year as compared to 6.61% of the previous year.
