ITEM NO. 8:

The Members of the Company at their 13th Annual General Meeting held on 11th February, 2006 approved the amendment of the Articles of Association ("AoA") of the Company as presently in force. The existing AoA are based on the Companies Act, 1956 and several regulations in the existing AoA contain references to specific sections of the Companies Act, 1956 and some regulations in the existing AoA are no longer in conformity with the now applicable, Companies Act 2013 (Act).

The Act is now largely in force. On September 12, 2013, the Ministry of Corporate Affairs ("MCA") had notified 98 Sections for implementation. Subsequently, on March 26, 2014, MCA notified most of the remaining Sections, barring those provisions, which require sanction/ confirmation of the National Company Law Tribunal ("Tribunal") such as variation of rights of holders of different classes of shares (Section 48), reduction of share capital (Section 66), compromises, arrangements and amalgamations (Chapter XV), prevention of oppression and mismanagement (Chapter XVI), revival and rehabilitation of sick companies (Chapter XIX), winding up (Chapter XX) and certain other provisions including, inter alia, relating to Investor Education and Protection Fund (Section 125) and valuation by registered valuers (Section 247). With the implementation of the Act several regulations of the existing AoA of the Company require alteration or deletions, in several articles. Given this position, it is considered expedient to wholly replace the existing AoA by a new set of Articles.

The new AoA to be substituted in place of the existing AoA, contains among others, provisions of Table 'F' of the Act which sets out the model articles of association for a company, limited by shares. Shareholder's attention is invited to certain salient provisions in the new draft AoA of the Company viz:

- a). Existing definitions are appropriately modified to align with the provisions of the Companies Act, 2013
- b). New provisions relating to appointment of Chief Executive Officer and Chief Finance Officer, in addition to Manager and Company Secretary, have been incorporated;
- c). Existing articles have been streamlined and aligned with the Companies Act, 2013;
- d). Provisions of existing Articles of Association which are already part of statute in the Act have not been reproduced in the new draft of AOA as they would only lead to duplication and their non-inclusion makes the new AOA crisp, concise and clear and aids ease of reading and understanding;
- e). Provisions relating to e-voting, quorum, demand for poll and increase of maximum directorships have been brought in line with Companies Act, 2013;
- f). Provisions relating to quorum for the General Meeting and servicing of notices/documents as per the provisions of Companies Act, 2013, have been included.

Certain provisions of existing Articles of Association have been simplified by providing reference to relevant sections to the Companies Act, 2013 and the rules framed thereunder, to avoid repetition in its entirety.

The proposed new draft of AoA is being uploaded on the Company's website for perusal by the shareholders.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, or otherwise, in the Special Resolution set out at Item No. 8 of the Notice.

Your Directors recommend the ordinary resolutions set out at Item No 8 of the Notice for approval by the shareholders.

FINANCIAL ANALYSIS AND PERFORMANCE REVIEW:

In view of financial constraints including shortage in working capital and lack of financial support from Company's lenders, the turnover of the Company has decreased to Rs. 2,638.57 lakhs in fiscal 2013-14 as compared to Rs. 3,482.76 lakhs in the previous year. The Company could not utilize its entire capacities, to safeguard the interest of the employees, the manufacturing unit is running under job work basis accordingly Company's losses increased to Rs. 962.02 lakhs as compared to Rs. 305.20 lakhs in the previous year.

MANAGEMENT DISCUSSION AND ANALYSIS

The cotton and textiles industry has an overwhelming presence in the Indian economy. Apart from providing one of the basic necessities of life, the textiles industry also plays a pivotal role through its contribution to industrial output, employment generation and export earnings of the country. India has improved its ranking as per the recent data released by 'UN Comtrade' in Global Textiles as well as Apparel Exports. In Global Textiles Exports, India now stands at second position beating its competitors like Italy, Germany and Bangladesh, with China still retaining its top position. However, the contribution of the textile industry in terms of percentage to industrial production and export earnings is constant at 12% during the last three years and current year.

However as per the data available with the Textile Commissioner, 104 cotton/man-made fibre textiles mills (Non SSI) closed across the country during last three years. Out of 104 mills, 34 textile cases are registered with BIFR as on 31.12.2012.

Unfortunately, M/s Amit Spinning Industries Limited is one among the 34 textile cases which is registered with BIFR due to shortage in working capital requirement. However, to meet current challenges which include fixed cost, overhead expenses, payment of lenders dues and to safeguard the employee's interest, unit is running on job work basis.

It is very difficult for the Company to overcome the losses promptly in this challenging scenario where labour cost and other costs are increasing at a rapid rate but still Company is in process of reviewing its objectives and tools to find a better way ahead to increase its turnover, reduce its costs and achieve a higher value addition so that it come out with the positive result in the near future.

SEGMENT-WISE PERFORMANCE

Amit Spinning Industries Ltd. (ASIL) being a cotton yarn manufacturer has only one business segment. On the basis of geographical categorization of market, ASIL identified two segments i.e. exports and domestic.

During the year under review, Company has manufactured 5123.08 MT of yarn on job work basis against the 4983.01 MT of yarn in the previous year on job work basis.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has established adequate internal control systems, commensurate with its size and nature of business and such systems are periodically audited, verified and reviewed for their validity, considering the changing business scenario from time to time, the Audit Committee of the Board of Directors reviews the adequacy and effectiveness of internal control systems and suggests improvement for strengthening them from time to time.

MANAGEMENT PERCEPTION ON OPPORTUNITIES, RISKS, CONCERN & OUTLOOK

Rebounding of economic growth in key export destinations, the Indian Textile Industry is reasonably expected to bounce back its margins from negative to stable. Indian Yarn manufacturers are further likely to be benefited in the Fiscal 2014-15 due to decreased yarn exports from China and simultaneous increase in demand for its exports in overseas market and as well as in domestic market, which will in turn improve the fortunes of textile sector.

Further, Government has approved a debt restructuring package to help loss making textile mills which is to be administered on case by case basis by the banks in accordance with the prudential norms of the Reserve Bank of India. Also, BIFR's reliefs / concessions etc. to be given to units / companies on the revival packages will prove beneficial for Sick Companies like Amit Spinning Industries Limited.

Devaluation of Indian Rupee has continued to offer an opportunity of short term benefit to Textile Industry to optimize its day to day sales volumes and margins, by increased exports. Continued subsidy benefits under the revised TUF scheme, focus market scheme and reinstating of export incentives, are further likely to help Amit Spinning to improve its margins.

As per the latest official figure, while total industrial production contracted to 0.21% in Apr-Nov'2013, Textile sector output rose to 3.7%. To encourage exports including export of processed clothes, incentives are available under the Foreign Trade Policy namely Interest subvention scheme, Market Access Initiative (MAI), Market Development Assistance(MDA) Schemes and Focus Market & Focus Product Schemes. The Ministry of Textiles has adopted four pronged strategy for Textiles exports namely to organize and support larger textiles trade shows, skill development initiatives, compliance programmes and duty drawback schemes. A provision of Rs.500 crore has been made in the 12th plan for introducing a scheme for Integrated Processing Development.

The factors like formation of Stable Government, increase in demand of cotton yarn in domestic market and talk of economic reforms of new Government, have already improved market sentiments and the same is showing some recovery signs and further with the support of company bankers, your directors believe that sales volumes are reasonably expected to be increased and consequently margins are also expected to be strengthened in due course.
