#### **BUSINESS SNAPSHOT**

Amtek Auto is one of the largest integrated component manufacturers in India with a strong global presence. It has world class technical and operational expertise in the manufacturing of both auto and non-auto components. Given the global manufacturing base, broad product range and focus on quality, the Company is a preferred supplier to many domestic and global blue chip OEM's.

In the Auto segment, it has proven capabilities in forging, aluminium casting, machining and sub-assemblies. This has enabled the development of a highly engineered component product portfolio including the manufacturing of complex components for engines, transmissions, suspensions and chassis for passenger cars, Two or Three wheelers, light and heavy commercial vehicles. The Non-Auto segment currently manufactures components for tractors, earth moving, construction and locomotive segments.

The Joint Ventures are progressing in line with the management expectations. The Joint Venture with American Railcar Industries has produced the first prototype of railway wagons which has now been accepted by the Indian Railways. The Joint Venture with Sumitomo is in the final stage of expanding its forging capacity and significant new orders have already been secured. The Company remains focused on improving operational productivity and implementing quality excellence programs such as lean Six Sigma across the manufacturing facilities.
