REPORT ON CORPORATE GOVERNANCE FOR THE YEAR ENDED ON 31ST MARCH, 2010

In accordance with Clause 49 of the Listing Agreement with the Stock Exchanges in India and some of the best practices followed on Corporate Governance, the report containing the details of Governance systems and process at AFL is as under:

1. THE CORPORATE GOVERNANCE PHILOSOPHY

Corporate Governance at AFL is predicated by the need to "enhance shareholder value, keeping in view the interests of other stakeholders". This definition places emphasis on the need to strike a balance at all times between the need to enhance shareholders' wealth whilst not being detrimental to other stakeholders' interests. The imperative for Corporate Governance lies not merely in drafting a code of Corporate Governance, but in practicing it to achieve desired results.

Actual management of the Company vests with a team of senior executives, led by the Managing Director. They are vested with operational and financial powers through a well-structured process of delegation. The management team functions within the framework laid out by the Board and are accountable to the Board through the Managing Director for all their actions.

The Code therefore endeavours to address the following deliverables:

- o Ensure that the quantity, quality and frequency of financial and managerial information, which management shares with the Board, fully places the Board members in control of the Company's affairs;
- o Ensure that the decision making process is transparent and documentary evidence traceable through the minutes of the meetings of the Board/ Committee/ Executive Committees thereof;
- o Ensure that executive action at the operating level is exercised within a framework of checks and balances but without debilitating the creative processes that need to be encouraged in the organization;
- o Ensure the fullest commitment of the management and the Board to world class operating practices;

- o Ensure that the Board exercises its fiduciary responsibilities towards Shareowners and Creditors, there by ensuring high accountability;
- o Ensure that the extent to which the information is disclosed to present and potential investors is maximized;

It is evident that real onus of achieving the desired level of Corporate Governance, lies in the proactive in initiatives taken to achieve desired results and not in the external measures like breadth and depth of a code or stringency of enforcement of norms.

2. BOARD OF DIRECTORS

The Board of AFL provides leadership and strategic guideline; objectively reviews management decisions and exercises control over the Company, while remaining at all times trustees of shareholders. The Board is accountable at all to the shareholders for creating, protecting and enhancing wealth and resources of the Company and reporting to them on the performance in a timely and transparent manner.

Scheduling and selection of agenda

In terms of the Corporate Governance code, Board Meetings are scheduled with proper notice and the agenda for each meeting, along with explanatory notes are distributed in advance to the Board Members. Every Board Member is free to suggest the inclusion of items on the Agenda. Additionally, while approving the 'Delegation of operational and financial powers' the Board has mandated the management to bring to its attention various operational powers exercised by the management from time to time for ratification or information. This information is also placed with the Board appropriately.

Frequency

The Board meetings are held at least four times in a year, with a maximum time gap of four months between any two meetings.
