CHAIRMAN'S SPEECH

Dear Shareowners,

It is my privilege to welcome you all to the 26th Annual General Meeting of your Company. It is great to see the Steel Industries steadily climbing back to good health. I'll take this opportunity to brief you on performance and current business environment having impact on it.

Financial year 2017-18 has been an extraordinary year for your company.

During the year under consideration, your company's profit jumped to Rs 3.52 cr from Rs 3.09 cr in the previous year. Operating profits increased to Rs 11.97 Cr against Rs 9.59 Cr in previous year. During the year, growth in businesses has been promising.

Focused efforts to improve overall business resulted in record revenue generation of Rs.302.25 cr. during the year from Rs.234.11 cr. in the previous year.

Paid up capital of the company increased by way of preferential issue and as a result, the company has been able to reduce the overall noncurrent liabilities for Rs. 24.98 Crore in the previous year to Rs. 14.87 Crore in the current year under consideration.

With the accretion in reserves by Rs. 9.74 Crore during the year, the total reserves of the Company stand at Rs. 31.41 Crore and the net worth of the Company is at Rs. 39.37 Crore as on 31.03.2018.

Future Prospect:

Government of India's focus on infrastructure and restarting road projects is aiding the boost in demand for steel. Also, further likely acceleration in rural economy and infrastructure is expected to lead to growth in demand for steel.

As per National Steel Policy (NSP) 2017, Government of India seeks to create a globally competitive steel industry in India. NSP 2017 targets 300 million tonnes (MT) steel-making capacity and 160 kgs per capita steel consumption by 2030. It is hoped that this policy will lead to heavy demand of TMT Bar. Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption 160 Kgs per capita steel consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

India is expected to overtake Japan to become the world's second largest steel producer soon, and aims to achieve 300 million tonnes of annual steel production by 2025-30.

Our Plan:

National Steel Policy 2017 is likely to open a basket of opportunity for steel manufacturer and therefore your management is planning to double the steel manufacturing capacity in the next financial year. Since our product is backed by strong Brand- "Kamdhenu" and therefore with the increasing the production capacity our overall financial parameter will be improved accordingly. Conducive business environment with ethics and organizational alignment gives your company the confidence to deliver much improved results in the years going ahead.

Pursuance of the Jainism Business Ethics:

Taking the employees' happiness index as our key target, We have been continuing to optimize the effective communication stage for the positive interactions applying the Jainism business principle between our staff and the enterprise, to have a better understanding and communications with the employees.

(a) Respect of Human value:

We apply five basic fundamental Jain Business ethics to human resource or employees in an organization, as they simply match with the requirement of an efficient human resource management approach. **बिचे** stands for not keeping the employees as slaves, **वहे** stands for life security of employees at work place, **छहवछेए** means not hurting the employees physically at work, **अ ईभारे** means overload in physical sense and excess workload for employees beyond their capacity, **भ त्तपाण हवच्छेए** stands for basic needs of employees in terms of assistance as and when needed etc.

(b) Ethical approach to documentation:

In modern economies improper and false documentation is emerging as a major crime, which is emerging as a major problem in modern economies. The only solution to these economic problems is in this ethical approach to documentation. This solution can be the root of an ethical and transparent economy.

(c) Respect of the Rules of the State:

The third flaw - **हवरुद्धरज्जाईकम्मे** (I will not act against the rules of the state), any act against the law of the state is prohibited for a business man. If this vow is followed by all citizens then growth of parallel or black economy will stop and transparency in businesses will be seen. As no stealing of tax, penalties will take place in the business environment.

Acknowledgement:

I take this opportunity to place on record my sincere thanks for your continued support and expect similar confidence from the shareholding fraternity in the years to come.

In this ongoing journey, I want to thank my fellow Board members for their unconditional support. I would also like to thank our employees, our biggest strength, who continues to be part of this journey with great vigour and dedication. At the end, I want to extend my gratitude to our customers, financial institutions and all stakeholders for their continued support and trust placed in us.

Thank you

Managing Director's speech

I would like to warmly welcome you to Ashiana's Annual General Meeting 2018. As we know, 2017-18 was a successful year for Ashiana in terms of profit and cash flow. The company's determined operational improvement programs played a major role, but the market conditions were also favourable to Ashiana. With regard to Ashiana, the development of net sales does not indicate the success of the company.

In our system, we pay particular attention to comparable operating profit and the comparable net result calculated from it. Many other similar companies do this as well. The reason is that we have to maintain a certain amount of inventories as basic stock, and the daily change in its market price is shown as inventory gains or losses as per accounting standard. If the price of ingot/Billet decreases, we accumulate losses, and if it increases, we correspondingly make a profit. We should not rejoice or become sad due to these gains or losses. I believe that the financial market understands this quite well. A strong balance sheet, a gearing ratio that matches our objective and good liquidity were and remain our key ways of measuring the success.

The Board of Directors focused on monitoring the company's financial performance and status, oversaw strategy execution and evaluated the changes in the operational environment and their impact on company strategy. The Board paid attention to the improvement of safety whilst monitoring the measures taken to improve production unit availability and to develop operating methods.

YEAR IN RETROSPECT:

No material changes and commitments affecting the financial position of the Company have occurred between the end of the financial year of the Company to which these financial statement relate and the date of this report.

Having regard to the challenging business conditions, the performance of the Company has been satisfactory – it has achieved 29.11% increase in Gross Revenue and 24.75% increase in operational profit.

During the current year, Gross Revenue increased from Rs.234.11 Crore to Rs.302.25 Crore, registering a growth of 29.11%. The Profit before tax for the current year increased by 22.79% to Rs. 5.43 Crore as against the profit before tax of Rs.4.42 Crore of last year.

Your company is the leading manufacturer of TMT Bar. It has been growing consistently. The company has been consistently profitable during the above period. During the year under review, Profitability of the Company increased substantially due to better price realization, better yields product mix optimization and innovating marketing. The company expects better results in years to come due to its growth strategy coupled with Brand positioning, which enables it to maintain the profitability despite any increase in raw material prices. The company has manufacturing and distribution across NCR with 500odd dealer distributor network. The demand for TMT Bars is expected to increase steadily considering rise in levels of income and improvement in infrastructure sector. Introduction of GST would also increase the share of organised players in the industry. As the company expects to maintain its leadership position in the organised market, this would results in higher sales and profitability.

WAY FORWARD:

Secondary steel sector has played a critical role in growth of Indian steel industry. Secondary Sector produces 58% of steel produced in India. In case of TMT, the sector contributes over 60% of total TMT production in the country.

With the Government's enhanced focus on making India a manufacturing hub and also expressing the need for enhanced infrastructure, the demand for TMT Bar is expected to be strong over the coming years. We will continue to scale operations and augment the manufacturing capacities. Government has also identified infrastructure as a key sector of focus to promote industrial growth. It opens new doors for our business opportunities. On strategic front, we are exploring various options to unlock the shareholders' value. We are deliberating it both internally and engaging external advisors/consultants as well to provide to the Board more details to enable them to take a decision in this direction soon. We remain committed to rise above the challenges with greater focus, foresight and team effort to create sustainable value for each one of our stakeholders.

BEYOND BUSINESS

Taking the employees' happiness index as our key target, We have been continuing to optimize the effective communication stage for the positive interactions between our staff and the enterprise, to have a better understanding and communications with the employees.

Taking "the four fine bases" as the incubator of high-quality products, using international advanced technology with the quality of the brand, marketing services and customer needs through line as the main theme all the time.

We sincerely hope to move forward in partnership with you, so that together we may realize our efforts to create a brilliant future with you to become a worthwhile partner to the clients and vendors.

We aim at building the iron and steel industry as an energy saving, environmentally friendly and green industry to support national economic development.

Dreams, responsibilities, aspirations are the keys to success. Our accomplishment also inspired and encouraged us to achieve a higher-level.

As a responsible corporate citizen, we remain focused on social empowerment. We have been associated with 'Mahavir International' a renowned charitable organisation carried out various programs dedicated towards healthcare improvement. These programs aim at making Delhi Cataract free Delhi. Over the past few years we have touched lives of hundreds of people of all age groups through these programs.

I would like to express my sincere thanks to our dealers and Distributors, Transporter, Suppliers and Bankers; we take a note of their contribution towards our development and progress.

I am also thankful to my colleagues, the members of Board of Director.

Last but not least I am sincerely thankful to my father and Chairman of the Company Sh. Naresh Chand who has been the guiding force behind our success and I firmly believe that without his blessing, business acumen and knowledge we could not have achieved these heights.

I would like to express my sincere thanks to all the employees for their support and hard work during the year, for their unconditional faith in Ashiana.

Before concluding I would like to sincerely thank you for showing your faith in Ashiana by investing in its shares, the company's plans for the future, and the important resolutions that the Annual General Meeting is supposed to make.

Thanks and regards

Puneet Jain
