INTERNATIONAL SCENARIO

The major reasons for the drop in sales realisation are as under:

1. The recession in the US market in the past two years, and the resultant business and other commercial conditions have forced the Company to reduce its products prices.

ASHNOOR TEXTILE MILLS LIMITED

3. With effect from January 1, 2002 European Union lifted the normal duty on all textile products exported from Pakistan apart from substantial increase in quota levels. Thus the Indian products are at a price disadvantage of 9.5%, which is duty on imports of Terry Towels into Europe.
4. Post September, 2001, terrorist attack USA has also allowed larger quotas for Pakistan textile products, which intensified the competition and put downward pressure on the prices.
5. Sale prices have remained under competitive pressure and the price of cotton in the domestic market is higher as compared to international rates. Also there is lack of availability of sufficient quantity of cotton of appropriate quality.

OUTLOOK FOR THE FUTURE

The Company is constantly endeavoring to discover new markets for sales of its products and achieve higher sales value realisation by contracts with multinational buyers thereby eliminating wholesalers, and has introduced several cost reduction and cost control measures in areas of production and operations. The Company is exploring long term business and strategic relationships with parties so that the Company enters into the era of removal of quotas in association with an international major.

Company had taken loan from Haryana Financial Corporation (HFC) under Equipment Lease/ Finance Scheme during 1996-97. Company is in the process of negotiating One time Settlement (OTS) as per the Haryana Financial Corporation (HFC) guidelines and proposal is under consideration.

Company had taken working capital loan from the Bank of Maharashtra Limited, Connaught Place, New Delhi for its erstwhile Carpet Division. The Company has entered into compromise proposal with the Bank. As per terms of settlement the Bank has waived interest on principal, waived penal and compound interest and reduced the interest to 12%. This proposal is under implementation.

Company has also filed compromise proposal with Industrial Development Bank of India (IDBI) under Section 391 of Companies Act, 1956, in the High Court, Chandigarh for restructuring its long-term debt. Based on discussions with Senior Executives of IDBI, Company gave an upfront payment of Rs.50 Lakh. This proposal is pending negotiations and settlement. In the meantime Industrial Development Bank of India (IDBI) has filed an application in Debts Recovery Tribunal, Chandigarh which has restrained the Company from disposing off its fixed assets. The rate applied by Industrial Development Bank of India (IDBI) for computation of dues is 17.5% which is higher than the documented rate of 15.5%. This has been contested by the Company and the matter is under consideration.
