Annual Report 2011-12

Asian Granito India Limited

Disclaimer

In this annual report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements – written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management’s plans and assumptions. We have tried wherever possible to identify such statements by using words such as ‘anticipates’, ‘estimates’, ‘expects’, ‘projects’, ‘intends’, ‘plans’, ‘believes’ and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

ASIAN GRANITO GREW REVENUES REGARDLESS. XPONENTIAL.

Earning per share (Rs.)

Book value per share (Rs.)

Financial Charges Coverage

X-PLOSIVE.

FIRST IN THE SPACE.
FIRST IN THE RACE.

WHEN YOU WORK WITH PRODUCTS AS MATURE AS TILES AND FLOORING ALTERNATIVES, THERE IS A DANGER OF CONVINCING ONESELF THAT WHATEVER THAT IS NEEDED – SIZES, COLOURS AND FINISHES – HAS ALREADY BEEN INVENTED.

ASIAN GRANITO DARED TO THINK DIFFERENT.

Over the last decade, the Company established a reputation around innovation. New tile sizes. New tile finishes. New concepts.

For instance, we introduced white body wall tiles for the first time in India with the following features: enhanced surface brightness and contrast, enhanced durability, better planarity, superior anti-bacterial and anti-fungal properties.

The Company pioneered the manufacture of composite marble stone in India. The marble composition (comprises more than 90% recycled material) enjoys lower surface pin holes, customised design, various colour

options and combinations, along with the facility of being re-polished.

The Company introduced 450x900mm and 600x1200mm digital vitrified tiles for the first time in India.

The Company manufactured composite marble stone (3025x1225mm) and quartz stone (3075mm x 1275mm) addressing large size requirements.

The result is a distinctive brand recall: 'If there is something new in the marketplace, it must be from Asian Granito!' And a 29.89% revenue growth in 2011-12 compared with the industry growth of 14%.
