### **Financial Results**

	(Rs. In Lacs)	
	<b>Year ended 31.03.2010</b>	<b>Year ended 31.03.2009</b>
Sales & other Income	4345.74	4493.81
Profit before Depreciation, Interest & Tax	120.92	(172.78)
Depreciation	113.08	145.70

Profit/(Loss) after Tax transferred to Balance Sheet	(1177.49)	(651.32)

### **OPERATIONS :**

During the year ending 31.03.2010, the Company could achieve a turn over of Rs. 4345.74 lacs as compared to the turn over of Rs. 4493.81 lacs during the year 2008-09. This was mainly on account of continuation of recessionary trends resulting out of global melt down especially during the first half of the year.

The Company's dependence on heavy commercial vehicle sector as well as export to USA & UK was to the extent of almost 75%. Both these sectors having been hit very badly on account of severe recession reflected in poor demand for Company's products. This poor demand especially against the huge capacity to the extent of 21600 tons per annum which was created after the expansion programme resulted in huge under utilisation of plant capacity and disproportionate increase in the cost of various heads especially that of interest and employees' remuneration which as a percentage of sales increased phenomenally.

However, with the improvement in the demand pattern for Company's products especially from the Indian clients, simultaneously with the various cost control measures under taken, the Company incurred losses of Rs. 526.17 lakhs. However, these losses were mainly on account of financial expenses of Rs. 533.51 lakhs and depreciation of Rs. 113.08 lakhs.

### **Future Prospects**

The present demand pattern from the various Indian clients has improved to a very great extent even though the demand from over seas clients continues to be sluggish. It is expected that from December, 2010 onwards there will be increase in the demand pattern from the over seas clients and the same from Indian clients also will be substantially high. Over all it is felt that during the 2<sup>nd</sup> half of the financial year, there will be substantially higher demand for Company's products.
