This year has been a year of consolidation, trials and turbulations for your company. Keeping in view the requirements of International market the management has concentrated all its efforts in the setting up of the Manufacturing unit at TADIA near Varanasi where manufacturing of glass Buttons, Chattons and Cobushons has already started. These are made out of machines imported from Germany produced with Czeck technology and are comparable with products of International standers. Total expenditure done till date is Rs.110lacs.

Your Company had a major setback this year due to fire engulfing the Company's main Showroom at New Delhi entailing a loss of goods worth Rs. 85lacs. To add fuel to the fire, one of our major overseas client cancelled a confirmed order entailing a loss of Turnover by Rs.686 lacs and profit by Rs.250 lacs. Goods costing Rs436 lacs are tied up in companys go-down. Serious attempts are being made to dispose these items in International market. The company has already sent legal notices for compensation against unlawful cancellation of Export Order.

Funds to the extent of Rs.250 lacs plus outstanding interest due thereon got stuck in court cases in recovery proceedings. While the accrual of interest on these accounts has not been recognised, for preparing the accounts, serious legal battles are going on for realisation of these funds at different courts of law.

While the management is confident to double its profit in the financial year 1997-98. The management is seriously contemplating to compensates the Share holders for the decrease in Dividend in very near future.

DIVIDENDS

The Directors are pleased to recommend a dividend @ 10% on Equity Share Capital as on 31.03.97 for the financial year ended 31st March, 1997. The dividend @Rs.1.00 per share of Rs. 10/- each fully paid-up, if approved at the Annual General Meeting by the members will entail an outflow of Rs. 88.46lacs.

OPERATIONS

GLASS BEADS:

Your Company has once again maintained its leadership in the export of glass beads by marketing of its products with an innovative blend of packaging to cater to the niche market which had hitherto not been catered to with such extensive blend of Beads. Your Company is hopeful to get a better share in the emerging market of children toys, gift packs souvenirs and allied items. Though your Company's export of Beads has decreased by 32% to Rs.637.99lacs this year from Rs. 941.37 lacs last year the Company's Share in Export Beads market has increased from 72 % last year to 81% this year. Your Company was able to out class all its national and international competitors and is sure to yield unbelievable results this year.

CARPETS & DRUGGETS:

The international market scenario for Indian Carpet Industry presents a slightly better picture than that of last year

Your Company has also performed well in export of Carpet by increasing its sales by 15 % while Indian Industry has to still answer the cut-throat competition and price reduction by competitors from PAKISTAN, CHINA, NEPAL and IRAN who have created an impasse for the INDIAN Carpet Exporters which appear to be a stumbling block in creating more markets and exploring the same for the benefit of the Indian Exporters. During the Current year under review your Company's export of carpet and druggets amounted to Rs.631.93 lacs as against Rs.549.43 lacs during the immediately preceding year. The Gold and Silver studded jewelry items consists of value added elements of Gold and Silver and are poised for a tremendous growth in terms of value as well as volume of business if this upward trend in its demand continues unabated in the future as well.

HANDICRAFTS AND OTHERS:

Your Company has done remarkably well in the exports of Handicrafts Item export business of different assorted items the value of which amounted to Rs.3267.26lacs which was Rs. 2726.28.Lacs last year. It is quite satisfying to record the achievement in pursuit of excellent export performance in an area which hitherto remained unexplored by your Company. Your Company's entry in the export market for such miscellaneous Items adds a new mile-stone to its track record stretching out for the last 55 years.

CASHEW KERNEL EXPORTS: During the under review, the company's diversification efforts have shown some positive results with the commencement of export of Cashew Kernels from its branch based in Kerala. Already exports worth Rs.177lacs have been made to different parts of the world and the efforts are continuing to get a better share of the international market in this field.

STATUS OF TADIA PROJECTS.
