**REVIEW OF OPERATION:**

Although the year 2008-09 has witnessed un-expected global economic slow down for most of Engineering industry & other Auto Component industries, your company could able to maintain its sales turnover on par with previous year (2007-08).

However your company could able to maintain the more or less equal sales turn over for the year under report and this was possible because of the long term vision that the management had, since last economic recession that was experienced during the year 1999-2000.

The company's status in this respect is as under:

- + The net Revenue Income during year under review decreased by 0.18 %
- + Gross profit during the year under review is Rs. 260.23 Lakhs as against the Gross profit of Rs. 238.82 lakhs during the previous year which is 8.97% higher than the previous year
- + Profit after tax (PAT) reduced by 7.49% from Rs. 26.04 Lakhs in 2007-2008 to Rs. 27.99 Lakhs in 2008-2009.
- + Company could discharge the liability of Dividend on Preference shares & tax thereon to the tune of Rs. 6.79 Lacs for the year under report i.e. for the year ended on 31ST MARCH 2009.

**FUTURE PROSPECTS:**

The year under report 2008-09, though was not good year for your company as compared with 2007-08. However, due to the actions initiated, during past few years, by the management of your Company, for change over of product-mix by using the advanced technology & adding some critical components in the product list of the company, the Company has withstood the financial meltdown that was seen by other industries.

At present your Company has already executed orders worth Rs.442.91 Lacs till date and the orders worth Rs. 2,431.47 Lacs are in hand to execute in the current year. In addition to this, orders worth Rs. 2279.50 lacs are in pipelines, which are to be executed in the year 2010-11. Further healthy enquiries are being received regularly, and the management feels that most of them will be converted into orders.

To sum up, the outlook for the next few years looks bright.

During the year under Report, there is no change in Authorised Capital Structure of the Company.
