37th Annual Report

Notes

Explanatory statement pursuant to section 173 of the Companies Act, 1956 relating to special business

(7) Appointment of Directors:

The existing Articles of Association of the Company provides for appointment of all the Directors by the President of India. Consequent upon disinvestment of shares of BEML by the Government of India, the Company's status has changed from 'Wholly owned Government Company' to a 'Partly owned Government Company' and the exemptions granted to Wholly owned Government Company are no longer available. The Government of India holds over 60% of Equity Shares in the Company and is a majority shareholder. The President has appointed Shri V.S. Venkatanathan, as Director(R&D) of the Company with effect from 1st April, 2001 vide Ministry of Defence Letter No. 10(1)/2000-D(BEML) dated 31.1.2001. The President of India has also appointed Shri Om Prakash, Joint Secretary(Export), Deptt. of Defence Production & Supplies, Ministry of Defence as part-time Official Director, with effect from 6.6.2001, vide Ministry of Defence letter No. 24(9)/84/D(BEML) Dated 6.6.2001 and Shri R.C. Suthar, as Director(Production), with effect from 1st July, 2001 vide Ministry of Defence letter No. 10(3)/2000-D(BEML) dated 2.2.2001, under the powers vested in the Articles of Association of the Company and secure the consent of the members for the appointment of the aforementioned Directors with effect from the date of their respective appointments as aforesaid. In view of the provisions of the Companies Act, relating to appointment of Directors, it has become necessary to place these items before the members of the Company.

Shri V.S. Venkatanathan, Director(R&D)

Shri Venkatanathan holds a Master's Degree in Mechanical Engineering from the Indian Institute of Science, Bangalore. He commenced his career in BEML in the R&D Division during March, 1975 and rose to the level of General Manager(R&D). He was elevated to the post of Chief General Manager, KGF Complex, during 1995. In the sphere of R&D, he was responsible for the indigenous development of 10T Class Excavator both Wheeled and Crawler versions as also the updation of the BD 155 Dozer to BD155X incorporating the latest state-of-the-art pilot control system for steering and work attachment. These equipments have found wide spread acceptance of customers. He was instrumental in designing and development of the Wheeled version of 460 HP Dozer. On elevation to the post of Executive Director, he took charge of the Truck Division, Mysore. Thrust was given to reduce re-work, elimination of waste and on cost reduction/

productivity improvement exercises keeping in view the product quality. As head of the Mysore Complex, he was able to increase productivity as also reduce cost coupled with accelerated indigenisation. He is a Fellow of the Institute of Engineers(India), Life Member, Indian Institute of Metals, Life Member, Institute of Standards Engineers and Member of Indian Institute of Materials Management.

Shri Om Prakash, part-time official Director

Shri Om Prakash is a Graduate in Mechanical Engineering. He belongs to Indian Supply Service. During his service, he held various important posts prior to becoming Joint Secretary(Export) in the Department of Defence Production and Supplies, Ministry of Defence, New Delhi. In his position as Joint Secretary, he plays a very vital role in planning the future of the Company in presenting the Company's point of view in inter-ministerial meetings as also obtaining orders.

Shri R.C. Suthar, Director(Production)

Shri R.C. Suthar is an Engineering Graduate(Hons.) from Regional Engineering College, Jaipur. He did post graduation in Industrial Quality Control from Yamanashi University of Japan and also acquired Diploma in Japanese Language from Osaka University of Foreign Studies, Osaka. He underwent training at M/s. Komatsu, Hino, Toyoto & Nissan Automobiles in Japan, Rolls-Royce in UK and Turbomeca in France.

Shri Suthar started his career as lecturer and later joined M/s. HAL and served there over two decades covering areas of Manufacturing, Planning and Project work in various capacities. He joined BEML in 1989 as Deputy General Manager and rose to the level of General Manager during 1992, in-charge of Production and thereafter Planning in KGF Complex. He became the Chief General Manager during 1995 in-charge of KGF Complex. He was elevated to the level of Executive Director during 1997. He has vast experience in Planning and Production. He was elevated/ appointed as Director(Production) with effect from 1st July, 2001.

None of the Directors of the Company except Shri V.S. Venkatanathan, Shri Om Prakash and Shri R.C. Suthar are interested in these Resolutions.

The Directors recommend the resolution set out in the meeting notice to the members for their approval.

Directors' Report

The Directors have pleasure in presenting the 37th Annual Report and Audited Accounts for the year ended 31st March, 2001.

APPROPRIATIONS		
Proposed Dividend	368	735
Tax on Dividend	37	162
General Reserve	100	500
Profit & Loss Account	213	118
Net Worth	55,700	57,774

DIVIDEND

The need to support the investors with a sustained and stable return is of primary concern to the Company. The amount available for distribution is small. It has, therefore, been recommended to declare a Dividend of 10% for the year 2000-01.

TURNOVER AND PROFITABILITY

The financial year 2000-01 was yet another difficult year specially for Engineering Industry. The demand for earthmoving equipment did not pick up due to continuous down turn in Construction and Mining sector as also off-take by our important customers. In spite of many adversities such as lack of committed growth in infrastructure sector, intense competition in earthmoving sector, etc., the Company's performance was good and registered a growth of 2.30% in turnover and 3.81% in VOP. The pre-tax profit stood at Rs.1065 lakhs. The long outstanding wage settlement with employees was concluded amicably necessitating the Company to pay wage arrears commencing 1-1-1997. The additional burden towards this

as also Voluntary Retirement Scheme introduced have been met out of the profit for the year which has resulted in the profit falling steeply. Several measures taken by the Company for cost reduction and interest savings have yielded results enabling the Company to meet the additional burden.

The Company has three segments in its product range. They are Earthmoving equipments and its spares catering to core sector, Railway Rolling Stock and Defence Equipments exclusively produced for Defence applications. In the segment wise performance, targets fixed have been largely met. However, the outlook for earthmoving equipments largely depends on growth of core sectors and investments in infrastructure. Both these segments are showing down trend coupled with increasing competition. In the Railway segment, there was no off-take of coaches during the year. A small number of AC-EMUs were delivered during the year.

During the year, BEML's contribution to defence increased to 33%. Major supplies from BEML included military equipment like Tatra 8x8, 6x6, 4x4 trucks, Tank transportation trailers, Heavy recovery vehicles, Armoured recovery vehicles, Engineering Mine Ploughs and other defence aggregates.

EXPORTS

The Company posted a turnover of Rs.14980 lakhs of this Rs.4524 lakhs were from physical exports comprising supplies of in-house developed BH-60 Dumpers to Syria, BG-605 motorgrader to Iraq in addition to execution of World Bank contracts within the country.

PROSPECTS

The growth of the Company is linked to development of core sector and infrastructure. In keeping with the impetus on road infrastructure, the Company has planned to introduce several products such as vibratory compactors, crushing equipment, batching plants, asphalt pavers with an eye to get a good share of market for these equipments required to construction activity in Golden Quadrilateral Project, North-South-East-West Corridor Project and Pradhan Mantri Gram Sadak Yojana.

With a view to addressing itself to national interests, BEML has tied up with Technology Information Forecasting & Assessment Council (TIFAC) for manufacturing specialised equipment to be used in disaster management and is planning to productionise them for deployment in hazardous situations.

The Company will be commissioning the multicore Walking Dragline at Dudichua project in Northern Coalfields, Madhya Pradesh. This order was bagged under World Bank Tender

37th Annual Report

Directors' Report

and will enable Coal India Limited to set pace for high mechanisation in its opencast mines. Two more Draglines at NCL projects would be erected during the ensuing years. The Company is actively discussing on joint ventures for mining operations with key customers like CIL, NLC, SCCL, GACL, etc. The Company has carry-forward orders valued at Rs. 108690 Lakhs.

The Company is exploring the possibility of extending its operations to maintenance of earthmoving equipments at project areas of customers ensuring high availability of equipment.

INFORMATION TECHNOLOGY

The Company has taken major initiatives on corporate governance as well as e-governance in keeping with the guidelines of the Government. Steps have been taken to link up all Regional/District offices and production units with the Headquarters through a wide area network besides measures on customer interface programmes. This will help in better interaction within the organisation bringing about economy in communication.

QUALITY

All divisions of BEML continue to hold accreditation to ISO 9001/ISO 9002 certification. Action is on hand to update these systems to meet requirements of ISO 9000-2000 revision.

- Development of vendors through systematic study, guidance and periodic audits.
- All existing vendors are reassessed periodically to ensure their continuing suitability.
- Selected vendors involved in supply of critical aggregates are persuaded and guided to develop Quality system and seek ISO 9001/9002 certification.
- SPC studies are priority areas and conducted periodically both at vendors and in-house to evaluate process capability and enhance process control.

RESEARCH & DEVELOPMENT

R&D is the backbone for growth of any industry. As an on going measure, existing products are continuously upgraded to meet the growing need of the customers. The

Company has successfully productionised BH60 and BH70 Dump Truck, BD 45W Wheel Dozer, BE60 Excavator and various models of Gen. Sets. Action is on hand to develop higher capacity Wheel Loader (5.5M3), Side Discharge Loader and BE1600 Hydraulic Excavator.

The information on R&D, Technology Absorption, Adaptation and Innovation is at **Annexure I**.

FINANCE

The Working Capital requirement was met from internal sources, Cash Credit from Banks and intercorporate borrowings. There was no overdue instalment of principal/ interest. High cost Debts were repaid wherever possible. The Second instalment of redemption of Debentures issued to Public was completed. The first instalment of redemption of privately placed Debentures with Army Group Insurance Fund was paid during the year. No fresh debts were raised. By closely monitoring the funds position, swaping high cost debts to low cost debts,improving realisation, the interest burden in the year has come down by Rs. 3279 lakhs.

The Company's contribution to the Exchequer was of the order of Rs.17177 lakhs during 2000-01 by way of Excise Duty, Customs Duty, Sales Tax and Income-tax.

FOREIGN EXCHANGE EARNINGS AND OUTGO

During the year, the Company's export earning stood at Rs.4169 lakhs.The total foreign exchange utilised during the year was Rs.43,754 lakhs.

FIXED DEPOSITS

At the end of the financial year Fixed Deposits accepted/ renewed from the public stood at Rs.2197 lakhs. Fixed Deposits aggregating to Rs.7.10 lakhs remained unclaimed.

VIGILANCE

An elaborate and well structured Vigilance system has been established covering all areas of operations. The Vigilance Department scrutinises/checks selectively records/ documents to ensure that systems established are strictly followed. Periodical meetings of Vigilance Officers are held and reports submitted to various agencies including Central Vigilance Commission.

Directors' Report

CORPORATE GOVERNANCE

The amendments to the Companies Act, 1956 and the listing Agreement with the Stock Exchanges require compliance with specified Corporate Governance practices. Although the requirements of the Listing Agreement are applicable to the Company for the period commencing 1st April, 2001, the stipulations made have been introduced and are in practice. A report on the Corporate Governance prevalent is annexed.

PARTICULARS OF EMPLOYEES

There was no employee of the Company who received remuneration in excess of the limits prescribed under Section 217(2A) of the Companies Act, read with the Companies (Particulars of Employees) Rules, 1975.

SUBSIDIARY COMPANY

M/s. Vignyan Industries Limited, Tarikere, has with concerted efforts reported improved results. The Company's turnover for the year ended 31.3.2001 stood at Rs.1217.34 lakhs as against Rs.970.81 lakhs in the previous year registering a growth of 25.39%. The profit before tax stood at Rs. 15.52 lakhs, showing a quantum jump over that of previous year profit. This has been attained by improving productivity coupled with cost control measures pursued. The order book position for the financial year 2001-02 is comfortable.

The statement and particulars relating to M/s. Vignyan Industries Limited, Tarikere, pursuant to Section 212 of the Companies Act, 1956 are attached.

SMALL SCALE AND ANCILLARY INDUSTRIES

The Small Scale and Ancillary Units continue to get support and preference from BEML wherever there is shortage of in-house capacity. The Company extends technical guidance and requisite support to these industries wherever required. Our Quality Control personnel visit the industries to assist and ensure that quality of the products meet the requisite standard. During 2000-01, the Company procured items worth Rs. 2751.01 lakhs from these Units.

RAJBHASHA

Efforts are continuously made to accelerate the use of Hindi in official work. The Company gives utmost importance to Hindi Training. Various incentive schemes for learning Hindi during service have been introduced. The scheme of 'Learn a word in Hindi' is being continued in all the Divisions. Important documents are published both in Hindi and English. 'Hindi Diwas' was celebrated during September, 2000 in all the Divisions. Hindi Workshops were organized in all the Divisions during October-November, 2000.

The First Sub Committee of Parliament on Official Language inspected our Bombay Office on 9.6.2000 and Ranchi Office on 11.1.2001 and appreciated the progress made in implementation of Official Language Policy and suggested certain improvements which are being implemented.

AWARDS

During the year, the following awards were received:-

- Engine Division of Mysore Complex bagged three National Safety Awards for industrial safety for achieving the longest accident free period and the lowest average frequency rate of accidents for the years 1995, 1996 and 1997.
- Equipment Division of Mysore Complex won the National Safety Award for attaining the lowest frequency rate of accidents during 1995 and 1998.
- The Bangalore Complex bagged National Award during 1995 to 1997. This is the 15th time the Unit has won the safety award for attaining lowest frequency rate of accidents.

MANPOWER & INDUSTRIAL RELATIONS

The manpower strength as on 31st March, 2001 stood at 14357. Several measures have been taken for reducing the work-force wherever necessary. In most cases, attritions are not filled up and Voluntary Retirement Scheme was implemented to enable surplus work-force to avail premature retirement. During the year, 577 personnel availed Voluntary Retirement at an expenditure of Rs.3050 lakhs met internally. Manpower rationalisation through VR Scheme will be pursued during 2001-2002 also.

The long outstanding wage settlement covering a period of ten years effective 1st January, 1997 was completed

37th Annual Report

Directors' Report

amicably during the year necessitating payment of arrears aggregating to about Rs.68 crores which was met out of profits of the Company. This was made possible with the co-operation of the entire workforce taking several measures to cut costs, improve productivity and ensure better realisation.

The overall industrial relations situation was generally peaceful at all the Divisions of the Company.

HUMAN RESOURCES DEVELOPMENT

The HRD department took several initiatives for updating Technical/Professional skills of employees and for improving work culture. Towards this end, the Company organised several training programmes which were attended to by Officers and employees. The training volume delivered during the year was 13457 mandays.

SOCIAL OBLIGATIONS

WORLD DISABLED DAY

The World Disabled Day was organised in co-ordination with BEML Physically Handicapped Association at Kolar during the year. The President, District Disabled Welfare Association and also General Secretary of BEML Disabled Welfare Association highlighted the activities undertaken for the welfare of the handicapped. Over 1000 disabled personnel participated.

FAMILY WELFARE PROGRAMME

Family Welfare Programmes, viz., Laparoscopic sterilisation/vasectomy operations were conducted in the adopted villages in an around the factory units at KGF/ Bangalore/Mysore. About 301 personnel were benefitted from these programmes.

ENVIRONMENT & POLLUTION CONTROL

Towards abatement of pollution, extensive planting of tree saplings/afforestation programmes were organised. The Company also has adequate number of water treatment plants to recirculate the treated industrial waste water. Measures to minimise pollution as per Pollution Control Act have been taken.

Necessary facilities have been created to control Air Pollution through various measures as recommended by the Pollution Control Board and consent obtained from them periodically.

ENERGY CONSERVATION

The Company continues to lay emphasis on conservation of energy. The efficiency of energy utilisation is closely monitored to attain a high level of effective conservation. Some of the ongoing measures adopted for energy conservation are-

- Provision of vaporex Steam Generators in place of electrically heated steam generators in canteens.
- Decentralisation of compressed air system by providing portable compressors, wherever possible.
- Provision of time switch control system for roof lighting and roof extractors in hangars to control ON and OFF of the system to optimum required level.
- Regulating DG set operations based on the load requirements.
- Installation of Compact Fluorescent Lamp in place of Incandiscent lamp and Fluorescent tube in some places.
