DIRECTORS' REPORT

Dear Members,

Your Directors have pleasure in presenting the SIXTEENTH Annual Report and the Audited Accounts for the year ended 31st March 2000.

FINANCIAL RESULTS

	Year ended 31.03.2000 (Rs.in lacs)	Year ended 31.03.1999 (Rs.in lacs)
Sales	<u>8435.44</u>	<u>6710.44</u>
Profit before interest & Depreciation	<u>826.68</u>	<u>872.64</u>
Less: Interest	<u>387.30</u>	<u>369.13</u>
Profit before Depreciation	<u>439.38</u>	<u>503.51</u>
Less: Depreciation	<u>240.89</u>	<u>258.59</u>
Net profit for the year	<u>198.49</u>	<u>244.92</u>
Reserves and Surplus	<u>1722.49</u>	<u>1559.20</u>

Your Directors do not recommend any dividend for the year under review to conserve resources for expanding operations of the Company.

OPERATIONS

Your Company achieved about 7% increase in sales volume i.e. 12,147 MT against 11,307 MT in the previous year. Continual rise in crude oil prices kept pushing monomer (raw material) prices too, during the year. Therefore, product prices had to be revised from time to time which somewhat de-accelerated growth of ABS market in India. Company's exports were lower at 420 MT, valued at Rs.194.15 lacs, when compared to previous year.

Your Company entered into an agreement with M/s. Polychem Limited, for acquiring their ABS/SAN unit at Vadodara as a going concern. Since the implementation of the agreement could be achieved upon their obtaining necessary permissions from FIS/Banks/government agencies, etc., a separate conducting agreement was also entered into, so as to commence operations from October 1999 onwards. Operating expenses together with overhead costs of this unit had to be borne, which affected the profitability of the Company for the year under review.

Upon acquisition of Polychem plant, the aggregate ABS & SAN manufacturing capacity will be 20,000 TPA. Based on newly acquired SAN technology, plans are being finalised for further expansion to cater to the growing demand of ABS in the domestic market. Furthermore, merchant SAN production and marketing activities will be undertaken in the right earnest, which will contribute to improving profitability.
