## Chairman's Statement

Optimism is the faith that leads to achievement;
nothing can be done without hope and confidence.

- Helen Keller

Dear Shareholders,

It gives me immense pleasure to present the 28th Annual Report of your company for the Financial Year 2011-2012. This year witnessed huge fluctuations and turbulence at National and International level of business; including, Debt crisis, Mismatch in Industrial demand and supply, High volatility in Foreign Exchange rates, Uncertain economic conditions, Lack of economic reforms, Negative business sentiments etc. Amidst such economic adversities, the Company with its accentuated efforts earned net profit of Rs. 1.09 Crore during F.Y. 2012. Furthermore the fluctuation in major raw material prices of company viz Acrylonitrile (ACN), Butadiene and Styrene aggravated the adverse situation. In addition other numerous obstacles like adverse business environment, costly funds due to frequent interest rate hikes by RBI, implementation of changes in taxation system with retrospective effect have again been the areas of serious concern to the Industries. Despite such odds and hindrances, your Company is poised to sustain growth and emerge with remarkable performance during FY 13. It is worthwhile to mention that last year the adverse economic factors caused lowest GDP growth of India in last 9 years.

Your company has strengthened the internal functions for operational efficiencies, growth and competitive advantage by providing suitable training to employees, establishing full fledged internal audit team to keep constant watch on transactions, revamping its whole system, policy and procedures and following well defined organization structure, authority level and internal guidelines to ensure smooth operations at all levels in the organization. Additionally to build on existing competency and ensure operational excellence, your Company has already finalized blue print for expansion of production capacity from existing 51 KTPA to 125 KTPA but due to

various economic factors as aforesaid, the Company could not roll out the expansion programme so far. However the management is sincerely exploring all possibilities to commence the project. Considering the demographic, potential and growth trajectory, the decade ahead offers high business opportunities and we expect your Company to show resilience and increased momentum in terms of expansion, quality development and operational efficiencies. With the steadily growing demand of ABS, your Company has good prospects as ABS consumption has grown from 12362 MT during 1992-93 to 120000 MT during 2010-2011witnessing 871% increase in 19 years i.e. CAGR of 12.71% per annum in which our Company primarily operates and financial success as expected will be a natural outcome of our efforts.

Despite the continued macro economic headwinds currently being faced by the sector, we expect improvement in annual growth in F.Y.13.

I would like to take this opportunity to extend my heartfelt thanks to entire management team at Bhansali Engineering Polymers Limited for their commitment and tireless efforts throughout the year and to all our shareholders for their encouragement, support and trust reposed in the Company. Shri B.M. Bhansali, the Managing Director deserves special congratulations for the Company's growth.

(M. C. Gupta) Chairman
