**ANNEXURE TO THE NOTICE
EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 173 (2)
OF THE COMPANIES ACT, 1956**

ITEM NO. 3:

As the combined shareholding of the public financial institutions in the Company exceeds 25% of the subscribed share capital of the Company, the Auditors are to be appointed/re-appointed by means of a special resolution as per section 224A of the Companies Act, 1956.

The special resolution is commended for approval by the members.

ITEM NO. 4:

The Company is in discussion with various banks/institutions/NBFCs/creditors/ suppliers for placement of Equity Shares/ convertible/cumulative or non-cumulative redeemable Preference Shares, Debentures and/or Bonds either convertible or non convertible into Equity Shares or other Debt instruments mainly for the purpose of repayment of existing or future loans in whole or in part and conversion of such loans into Equity as part of corporate debt restructuring exercise. The response has been quite encouraging. The discussions are in an advanced stage and the Company in consultation with the banks/institutions/NBFCs is in the process of finalising the modalities.

It is expected that the banks/institutions/NBFCs/creditors/ suppliers would be investing in the equity shares upto a face value of Rs.10 crores, the price of which would aggregate to Rs.17 crores or thereabout, as per the guidelines issued by SEBI for pricing of preferential issues. The banks/ institutions/ NBFCs/ creditors/suppliers may also prefer to invest in convertible instruments and the price of shares to be issued on conversion shall be determined as per the SEBI guidelines and regulations in force. The Company proposes to finalise the terms of issue and allotment within three months barring unforeseen circumstances.

The object of the issue is that the issue would help the Company in reducing the debt and interest burden and also

will result in improved Debt Equity ratio. Further the reduction in the finance charges will also improve the profitability of the Company.

The promoters/ directors/ key management personnel do not intend to subscribe to the offer.

The shareholding pattern before and after the offer will be as follows:

Sl. No	Category	Pre – Issue		Post – Issue	
		No of Shares	%	No of Shares	%
1.	Promoters & Associates	26328200	53.71	26328200	44.61
2.	NRI/OCB/Fils	25900	0.05	25900	0.04
3.	Banks/ Institutions/ MFs	13534998	27.62	18534998	31.41
4.	Public/Others	9128462	18.62	14128462	23.94
Total		49017560	100.00	59017560	100.00

The above post issue shareholding pattern is an estimate based on the assumption that the banks /institutions/NBFCs/ creditors/suppliers may subscribe for an equity with an aggregate face value of around Rs.10 Crores. There may be some variations, which may depend on the final quantity of the shares that may be subscribed by the Banks/ Institutions.

The resolution if passed would further enable the Company to mobilise funds by way of issue of Equity Shares, Debentures, Bonds and/or securities either in Indian / International markets when the market conditions show improvement.

Directors recommend adopting the resolution afresh at this meeting.

None of the Directors of the Company is deemed to be interested in the resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

GENERAL

The company manufactures mainly Alcoholic Beverages. In India Indian Made Foreign Liquor (IMFL) and Beer together are known as alcoholic beverages. Presently, the company is engaged in manufacture of IMFL at its facility at Chennai. The company is also putting up a state-of-art facility for manufacture of beer.

INDUSTRY STRUCTURE AND DEVELOPMENT

Alcoholic beverages industry is a "state subject" and as such every state has its own policies in respect of this industry. Tamilnadu, the state in which the company operates, has its own policy, both for manufacture as well as for marketing / distribution. The alcoholic beverages are governed by the state excise policy.

In the state of Tamilnadu there are 5 distilleries and 3 breweries. Presently, no fresh licence is issued to any one. However, to meet the growing demand, the existing players are normally allowed to expand, subject to the Government's approval.

In terms of marketing and distribution, the entire alcoholic beverages are sold through Tamilnadu State Marketing Corporation Ltd (TASMAC), a state government undertaking.

IMFL segment has posted a growth rate of 8.54% over the last year and the growth rate is expected to be maintained at the same level.

Even within the IMFL segment, the demand is split between the premium brands - Rs.566/- and above, medium brands - Rs.491/- to Rs.565/- and ordinary brands - upto Rs.490/-. In terms of volume, the lower end ordinary brands sell more than the premium brands.

Beer segment has posted a growth rate of 2.71% over the last year and on account of the entry of foreign players, the growth rate is expected to reach 15% in the years to come.

This industry is one of the major contributors to the exchequer by way of excise duty, sales tax and vend fee. The Tamilnadu Government has introduced cheap liquor in the month of January, 2002 and due to the sudden shift of consumers from premium and medium segment to cheap liquor segment, there has been drop in the revenue to the government. Accordingly, the state government has withdrawn the cheap liquor.

OPPORTUNITIES AND THREATS

Opportunity

Alcoholic beverages industry, probably is the only industry, which posts consistent growth year after year and is not affected by any cyclical factors. With the state government's efforts to eradicate the evil of illicit liquor, the demand for medium and lower end brands are expected to boom in the years to come. Your company is planning to enter into lower end ordinary brand segment, where it does not have its presence today.

Threat

Even though the entry of foreign players was perceived as a threat long back, it is not considered as a threat today due to high price of the foreign brands, which predominantly target the elitist society.

Prohibition is generally perceived as a major threat to this industry. However, with the state governments enjoying a huge revenue from this industry and with the lesser opportunity to compensate the loss of huge revenue, your Company do not anticipate any threat on account of prohibition.

OUT LOOK

Today, with the acceptance of social drinking, the alcoholic beverages industry is likely to grow with the compounded annual growth rate of 12%. More and more foreign players are expected to come into India, especially in the beer segment and on such foreign players entering the beer market, this segment is expected to grow exponentially.

Your Company continues to enjoy a significant market share in Tamil Nadu in respect of Indian Made Foreign Liquor. Barring unforeseen circumstances, the Company expects to do well in this line of business, in the coming year.

RISK AND CONCERNS THE MANAGEMENT PERCEIVE

For alcoholic beverages industry, the significant risk factor are the purchasing power of individuals and non existence of brand loyalty. The company is ensuring

that its products are available on the shelf at any point of time.
