DIRECTORS' REPORT

To,
The Members of Balaji Galvanising Industries Limited,
Secunderabad

Your Directors take pleasure in presenting the Seventeenth Report on the affairs of the Company for the financial year 2006-2007 together with the Audited Financial Statements and Report of the Auditors thereon.

BUSINESS PERFORMANCE:**Financial Results:**

The overall performance of the Company for the financial year 2006-07 is summarized as under:

	(Rs. in Lakhs)	
Particulars	2006-2007	2005-2006
Sales (Net)	566.47	371.69
Increase / (Decrease) in Stocks	59.35	(16.26)
Other Income	5.51	28.29
	<hr/>	<hr/>
Total Revenue	631.33	383.72
Manufacturing / Operating Expenses	610.25	385.89
	<hr/>	<hr/>
Profit / Loss before Financial Expenses & Depreciation	21.08	(2.17)
Interest & Financial Expenses	3.51	2.76
Depreciation	13.27	12.77
	<hr/>	<hr/>
Net Loss after Financial Expenses & Depreciation	4.30	(17.70)
	<hr/>	<hr/>

During the year 2006-07, the Company has posted a turnover of Rs. 631.33 lakhs as against Rs. 383.72 lakhs in previous year (including other income) and has earned a Net Profit of 4.30 lacs after a gap of almost 5 years in a row of losses. This has resulted from the unstinted efforts of the Management and also supported by buoyant market conditions in manufacturing of Steel and galvanized wires. The Company has been able to generate higher sales due to better product mix. Due to inadequate profits, the Board has not recommended any dividend nor any transfer to reserves.

FUTURE OUT LOOK:

The Indian Steel industry has continued to grow with an amazing the pace under the huge demand created due to multiple mega infrastructural projects both in Public and Private sectors of the economy. While the Indian Economy continues to grow at the rate of 10%, the Infrastructure growth is blooming. This has enlarged the demand for Company's products also. The better product mix will further enhance the growth of the Company.

BGIL

However, increasing cost of raw material has continued to haunt the Company and put pressure on margins and Company has pulled up a meager profit on account of sustained cost effective measures being deployed at the operational level.

DIRECTORS:

ANNEXURE- B TO REPORT OF THE DIRECTORS**Annexure- B to Report of the Directors****Management Discussion & Analysis:**

Pursuant to the revised Clause 49 of the Listing agreement, the Management Discussion and Analysis report covering the performance and outlook of the Company is given below:

Industry structure and developments

The Steel industry continues to witness huge demand creation due to scale up of manufacturing capacities in all types of industries. The specialty products like the one manufactured by the Company are also finding huge demand from various Infrastructural projects coming up. The Company has also witnessed a spurt in demand in the financial year and sales have shown considerable improvement over last year.

The pricing of products is largely depending on the input costs which have gone up from Steel manufacturers and the trend is expected to continue for the FY 2007-2008. The Indian economy is also witnessing the surge in demand with growth targets of 10% in GDP which the Company also expects to capitalize with increased business operations and capacity.

OPPORTUNITIES AND THREATS**OPPORTUNITIES:**

- The Company's core competence in manufacture of Bright Bars instills various advantages in maintaining its leadership in local markets and the markets for such specialty products.
- With capacities to be fully utilized, the production in current year is slated to grow resulting in the revenues to improve significantly.
- Demand fuelled by growth can be capitalized by spreading the areas of operations into other parts of the country.

THREATS:

- The Company's dependence on public sector Steel companies for raw material and increase in prices by them have posed threat to the bottom line of the Company in the past and continues to be so. Efforts to develop alternative sources are proving costlier for the company.
- Due to lower realizations, the company continues to suffer with lower accruals. Financial resources continue to be strained.

OUTLOOK

The industry is buoyant in general due to large infrastructure projects in pipeline and both Public and Private sectors generating good demand. The big ticket privatization of Public Sector undertakings could provide further spurt in demand. However, increasing cost of raw material has continued to haunt the Company and put pressure on margins and Company has once again suffered losses which is likely to be reversed with new product mix.

RISKS & CONCERNS :

- The expected growth rate of Indian economy may be an ambitious target with Government facing severe Budget deficits leaving little room for infrastructure growth.
- Dynamic pricing of steel products have loomed large on the Company's pricing policy thereby reducing margins. The efforts for cost reduction are likely to bring some benefits in the current year.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The internal control systems are aimed at promoting operational efficiencies. The Company is conducting internal audit at regular intervals to ensure that:

BGIL

a) Transactions are executed in accordance with the Company's policies and authorizations.

b) Deployment of funds are in accordance with the Company's policies.

The internal audit is conducted as per the requirement of the Company and the report is submitted to the Audit committee and to the Management. It reviews the policies and procedures followed.

The Audit committee with three independent and non-executive directors meets regularly to investigate any matter relating to the internal control system and reviews the Internal Audit. The committee reviews the quarterly and half yearly financials before they are submitted to the Board of Directors.

FINANCIAL CONDITION

Share Capital

During the year under review Company has not allotted any shares.

Secured Loans

The Secured Cash Credit outstanding has been fully repaid and there are NIL loans from any financial institution as at 31st March, 2007. The working capital needs are being met from unsecured loans from others.

Fixed Assets

Fixed Assets (Net Block) have increased from Rs. 194.11 lakhs to Rs. 225.03 lakhs during the financial year on account of installation of Balancing equipments.

Current Assets

The Net current assets of the Company have come down to Rs. 119.54 lakhs from Rs. 181.49 lakhs on account of decrease in Loans and advances.

Human Resources

The Company has continued with the policy of having a motivated workforce for obtaining best results from the working both Technical and commercial which has resulted in increased performance on both fronts.. An efficient technical team has spearheaded our operations. Having acquired expertise in their niche areas, they are now able to provide best results out of the available resources.

CAUTIONARY STATEMENT:

Statement made in Management Discussion and Analysis report which seeks to describe the Objectives, projections, estimates, predictions may be considered to be forward looking statements and are stated as required by applicable laws and regulations. Actual results could differ from those expressed or implied and are determined by many factors including global and domestic demand – supply conditions, process, raw materials availability, tax laws, governmental policies and other statutes which may affect actual results which may be different from what the Directors envisaged in terms of future performance and outlook.
