DIVIDEND-

In view of the accumulated losses during the current year, your Director's are unable to recommend any Dividend for the year under reference.

REVIEW OF OPERATIONS AND STRATEGIC PLANNING-

The Rs 4,000 billion Indian logistics industry, growing at an average growth rate of 20% annually, is driven by robust economic growth, rising export and import, government infrastructure investment and logistics outsourcing. The year under review was an exceptional year of turbulences. The depression in the US destroyed investor wealth worth trillions of dollars across the world. The burst claimed high profile banks and insurance companies, resulting into complete financial chaos all over the world.

During the year, your company achieved a turnover of Rs. 3265.81 Lacs as against Rs. 2439.42 Lacs in the previous year, showing a growth of 33.87 percent. There have been significant profit in compared to last year, Company have been able to achieve a profit of Rs 38.25 Lacs before tax during the current Fiscal Year as compared to Profit of Rs. 21.05 Lacs previous year.

FUTURE OUTLOOK-

India's logistics sector is projected to grow from Rs 8,000 billion to Rs 10,000 billion by 2015 to Rs 20,000 billion by 2020 (Source: ASSOCHAM), supported by a rapid growth in the manufacturing and service sectors, substantial domestic and international freight growth, consumption proliferating in Tier II and Tier III cities and the government's proposal to invest US\$17 billion in the transportation infrastructure by 2017. The entry of global logistics players in India is helping local companies benchmark with global standards.

IMMEDIATE CONCERNS-

The Indian logistics sector is fragmented. Two-thirds of the total trucks are owned and operated by transporters with fleets smaller than five trucks. The result is intense competition, low freight rates and thin profitability. The logistics cost in India is still high compared with developed markets owing to a non-conducive policy environment, extensive industry fragmentation and infrastructure inadequacy.

While it is true that India cannot remain immune to global meltdown and the impact of global financial crisis on India were stronger than expected, it is also showing that it will be the first to recover. The measures taken by our Apex Bank had resulted into comfortable liquidity of rupee. Indian banks are much more conservative than American & European Banks when it comes to lending. Hence, the exact same problems that distributed that distributed global financial institutions, is not expected to effect Indian financial system.

EMPLOYEE RELATIONS-

The Company is left with very few persons, which fits the existing requirement. Your Directors had taken cognizance of manpower and are in the process of taking appropriate steps as necessary, in the context.
