## CHAIRMAN'S LETTER

Dear Shareholders,

We stand today in challenging times for the textile industry in our nation and the world as a whole. Various factors like high raw material costs, power demand and forex fluctuations have contributed to a dynamic situation in our industry, yet it is in times of challenge that opportunities arise.

We have, I believe, planned well for facing these challenges. Our spinning expansion is complete and fully functional, a cutting edge unit that will lend a huge edge to our competitiveness. Forward integration in the form of weaving is also complete, paving the path to value addition. Our unit for high value textiles and technical textiles has also been commissioned recently, as have our captive power generation units.

The scenario for the future will entail competition on a global scale without protective barriers and increased costs in all fronts. We are confident that our scale and efficiency of operations combined with our relentless drive for quality will continue to be recognized by the market and propel us to greater achievement in coming years.

  
(S V BALASUBRAMANIAM)  
Chairman
