LETTER TO SHAREHOLDERS

Dear Fellow shareowners,

I Kaushalkumar Gupta, extend a warm welcome to all of you to the 8th Annual General Meeting of "Bansal Roofing Products Ltd". Incorporated in 2008, the Company has come a long way from the year of Incorporation to successful completion of SME Listing of two years.

Today I am proud to be at the helms of the Company that is run by the team of enthusiastic and dedicated employees who have led the Company to newer heights successfully through the tough times. The Company and the industry faced many headwinds due to sluggish growth in the market in the financial year 2015-16 and indeed it was a bit tense year for Steel Industry.

The rates of raw materials and finished goods have dropped bit by bit in succession from April 2015 to December, 2015. The reason was lot of inlet of materials from China and other Asian countries which resulted into global slowdown in commodity prices. Since the quality of these materials was not at par but apparently it was similar, client got attracted to cheaper material and hence it became challenging for quality conscious Companies to sell their premium products at imported material price.

Prices has started recovering after imposition of MIP by Government to curb the imports and we could improve our margin after that. We put in our best efforts to increase profitability by supplying product mix and newly introduced PEB and we were successful in achieving it .

Your Company has taken several remedial measures at all levels to ensure efficient working to find the ways to reduce the cost of production. These measures include thorough review of processes and procedures, re-examining of strategies and others. Due to these measures we have been able to maintain the quality of product at lower cost and maintain our position in the market.

Turnover of the Company decreased by 8 % in the financial year 2015-16 as compared to the previous financial year 2014-15 due to two factors- **Sluggishness in market and steep fall in domestic prices of steel**. However there was a rise in Profit after Tax by 34.57 % in the financial year 2015-16 as compared to the previous financial year 2014-15. Exports of the Company increased by 22% in the financial year 2015-16 as compared to the previous year 2014-15. In the financial year 2015-16 Company started exporting Pre- Engineering Building, FRP Sheets and Color coated sheets to East & West African Countries like Ghana, Tanzania and Rawanda. Therefore, future prospects in export of roofing products seems to be good.

I would like to mention that your Company has added a new segment called Pre-engineered Building to enhance the turnover and quantum of profit of the Company. Pre-engineered Building is the most innovative and cost effective way in the construction industry. It outclasses the traditional concept of fabrication.

I also thank my entire Board for their contribution towards Company's growth and success by providing their intellectual skills.

I take this opportunity to appreciate the efforts of all the employees as I personally believe that employees are assets as well as backbone of the Company. I salute their commitment and single-minded focus that enables our substantial progress.

Lastly, I would like to express my deepest gratitude to our shareholders for their immense faith in the Company. I would like to reiterate that we are cautiously optimistic about the coming year. We will continue to deliver on our strategic commitments which drive operational performance and maximize shareholders value.

With Best Wishes,
Kaushalkumar S. Gupta
