BERYL SECURITIES LIMITED**DIRECTORS' REPORT**

To,
The Share Holders,
Beryl Securities Limited

We are pleased to present the Ninth Annual Report to the members, along with the audited Balance Sheet as at 31st March, 2003, the Profit & Loss Account and Cash Flow Statement for the financial year ended on March 31, 2003.

1. YEAR UNDER REVIEW:

The year under consideration has been considerable turbulence, both in international and on the domestic economics, due to a combination of economic events and events triggered by other than economic considerations. The Indian economy has consequently been effected due to these events. Further, the interest rate during the year have seen significant reductions. These factors have brought added pressure to bear on the financial sector. Cost efficiency, strict credit and loss monitoring, branding and use of technology are the key elements which differentiate between success and failure.

The financial sector is undergoing several changes. The line of distinction between types of entities i.e. Non-Banking Financial Companies (NBFC), Financial Institutions, Banks etc. is breaking down. There are no longer any segment/ product which is preserve for a specific type of entity. The entry/ expansion of several Multi-national Companies (MNCs) into this sector is also a significant change that has also taken place during the year.

The induction of higher technology platform and more efficient business operating models of private banks, MNCs and foreign banks is raising the levels of customer services and setting new benchmarks in level of competition to attract customers. This competition, coupled with cost of customer acquisition makes it incumbent upon the players to manage the economics of their operation in a superior manner. The sector as a whole is continuously looking for a better cost control and new and more efficient process which reduces costs yet enhance customer services.

2. FINANCIAL RESULTS AND OPERATION:

The financial performance of the Company during the financial year have been summarised as follows:

	Year ended 31.3.2003	(Rs, in Thousands) Year ended 31.03.2002
Income form interest	1522.26	1110.95
Other income	375.85	641.17
Total Expenditure excluding depreciation	3473.44	2644.93
Depreciation	169.98	113.32
Profit/ (loss) before Tax	(1745.31)	(1006.13)
Add : Adjustment of Provision for Tax	568.65	300.77
Profit/ (loss) after tax	(1176.66)	(705.36)

3. OPERATION AND PERFORMANCE :

It has been one of the most challenging years for the finance sector. The market remained in the narrow range throughout the year. During the year, the growth in whole sale credit has been less than desired and is driving more players in market towards retail focus and the retail consumer now has more options apart from earlier availability of credit and service.

The company is still stand on its earlier policy to enhance marketing initiatives by meeting customers and

BERYL SECURITIES LIMITED

consultants, capability development, up-gradation of management information systems to enhance its operation and margin.

So far as the operational results of the Company is concerned, it may be defined as quite satisfactory. During the year, the interest income of the Company has been increased considerably i.e. Accrued interest of F.D.R is Rs. 2,65,854.00 (P.Y. Rs. 1,89,250.00) and Interest income is Rs. 15,22,259.00 (P.Y. Rs. 11,10,954.00). But due to absence of circumstantial profit like profit on sale of surrender of property and unreasonable increase in the administrative expenses, the profit of the year has been effected adversely.

The market continues to remain sluggish especially with the socio-political developments towards the end of last financial year, which has continued during the year. The uncertainty has effected market sentiments. However, there are signs of economic recovery and subject to political stability being ensured, the recovery in the equity and other market is also expected. This forecast has been borne out of positive primary equity market in the first quarter of the year.

4. DIVIDEND :

In order to conserve the financial resources of the Company, Your Directors regret for their inability to recommend any dividend for the financial year 2002-03.
