\* The activities like validation, equipment trials and starting up of plants are also included.

**BHARATIMMUNOLOGICALS & BIOLOGICALS CORPORATION LTD****MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Industrial Structure and development**

BIBCOL is formulating Oral Polio Vaccine (OPV). The requirement of OPV is likely to the up to 2017 only. Though this Company is the only Central Public Sector Undertaking, it is not a captive supplier to the Govt. of India. According to WHO, the OPV will be replaced by IPV (Inactivated Polio Vaccine). In view of this product diversification is imminent.

The current plan of action centers around optimizing the use of resources, sourcing bulk of approved quality at the right time and price, improving productivity, fulfilling the needs of the existing customer i.e. Ministry of Health and Family Welfare, Govt. of India, and exploring new opportunities to expand the product line to improve profitability and thereby, rewarding the shareholders at the earliest.

Presently company has not received order for supply of OPV from Ministry of Health for the year 2009-10. Though BIBCOL was created for supplying polio vaccine to meet the demand for polio eradication programme of Government of India, there is no arrangement for captive supply. BIBCOL had to compete with private agencies for this purpose.

Regarding Zinc tablet production and marketing there is order for 90 million Zinc tablets worth Rs. 530 Crore. The requirement of zinc tablet for NRHM Project of government of India is given to private industries through United Nations Office for Project Services (UNOPS), Delhi. For this also the procedure is so convoluted that BIBCOL could not take advantages of.

In view of this, in the current structure, form and marketing strategies it needs re-engineering of the company. For restructuring with new strategies it requires huge investment.

It is pertinent to mention here that there is proposal of Government of India to give the management control of BIBCOL to Ministry of health and family welfare or directly to M/s HLL Life Care Limited (HLL) a PSU under Ministry of health and family welfare.

**Segment-wise or product-wise performance**

The Company mainly formulate and supply of Oral Polio Vaccine (OPV). Manufacturing of Zinc dispersible tablet is under trial.

**Outlook-opportunities, threats, risk and concerns**

- |                |  |
|----------------|--|
| Opportunities: | Growing importance of vaccine in public health, concern about diseases among public provide opportunities for new vaccines, biologicals, & pharmaceuticals.  |
| Threats:       | Growth of unethical private manufacturers, non availability of bulk in India, reluctance of the Ministry of Health & Family Welfare to award supply order to a PSU that was established to support government polio eradication programme. |
| Risks:         | End of business cycle of OPV and lack of business innovation   |
| Concerns:      | Perpetual import of vaccine, non- availability of technology and lack of means to avail market opportunities.  |

**Internal control systems and their adequacy**

The Company has established systems providing adequate internal controls, commensurate with its size and nature of the business. Such systems have been appropriately documented.

**Financial performance with respect to operation performance**

Effective cost controlling process had been adopted to reduce Sundry Expenses as could be appreciated from the Profit & Loss Account.

**Human Resources**

The Company regards its human resources amongst its most valuable assets. It proactively reviews and evolves policies and process to attract and retain its substantial pool of Scientific, technical and managerial resources and work force through a work environment that encourages initiative, provides challenges and opportunities. However, all employees need to be updated for recent developments and quality standards through training to improve their competence. Regular training programmes were introduced for the employees. M/s Bharat Immunologicals and Biologicals Corporation Limited is also requesting Department of Biotechnology (DBT), Government of India to strengthen Human Resource Development efforts as per Memorandum of Understanding (MOU) signed between BIBCOL and DBT.

**BHARAT IMMUNOLOGICALS & BIOLOGICALS CORPORATION LTD****REPORT ON CORPORATE GOVERNANCE**

BIBCOL adopted the best corporate governance practices since inception and the same is being continuously reviewed to ensure that they adhere to the latest corporate developments and conform to the best corporate governance ethics.

**In accordance with Clause 49 of the listing agreement with the stock exchanges, the details of compliance by the Company are as under:**
