OPERATION HIGHLIGHTS :

During the year under review, the Company could sell 175 Hyundai cars manufactured by M/s.

Hyundai Motor India Ltd. as compared to 245 Hyundai Cars sold in the previous year. The passenger car market in Automobile Industry continues to face severe competition and the Dealers still indulge in offering heavy cash discounts, free accessories and other cash incentives. The situation causes severe adverse impact on margins earned at dealers' end.

The sale of Spare Parts during the year was Rs.285 lacs as against Rs. 288 lacs in the previous year.

As regards Hospitality Division, as a result of restructuring effected in a previous year in the management and with improved services, the Company has been able to scale up its turnover in this segment. This coupled with the stringent cost control measures adopted and execution of certain service assignments has enabled the Company to achieve better performance.

A subsisting agreement with another company for managing the Company's Hospitality Division has since been prematurely terminated by that company. The Company however does not foresee any problems in maintaining growth of this division.

As a result of these changes, other cost cutting measures adopted and accounting of deferred tax asset during the year as required by Accounting Standard AS-22, the company has been able to reduce accumulated losses to Rs.625 lacs as compared to accumulated losses of Rs.1231 lacs in the previous year and increase in Reserves by Rs. 620 lacs on account of receipt of resettlement compensation of Rs. 620 lacs (net of tax) during the year.
