DIRECTORS' REPORT TO THE SHAREHOLDERS

Dear Members,

Your Directors take pleasure in presenting the ONE HUNDRED AND THIRD ANNUAL REPORT of your Company together with the Audited Statements of Accounts for the year ended 31st March, 2009.

Retailing is estimated to account for US\$340bn, or 35% of India's GDP. However, the industry is highly fragmented; organized players have less than 5% of the industry's turnover. In contrast, share of organized retailing is 20% in China and 40% in Thailand. Clearly, organized retailing has a long way to go yet. The industry is a direct beneficiary of rapid economic growth and a growing working-class population. India has been ranked No.1 in AT Kearney's annual Global Retail Development Index for three consecutive years, maintaining its position as the world's most attractive market for retail investments.

Activity concentrated in urban areas

The retail market in India is estimated to grow more than double over the next 10 years, from the current US\$340bn to US\$800bn by 2017, with the share of organized retailing rising from under 5% to 25%. Hardly surprising, then, that the sector should be seeing such intense activity as it is now, with investments of US\$35bn planned over the next five years. If all goes as per plan, the sector will create demand for more than 600m sq. ft. of high-quality retail space and more than two million new jobs. However, most of this activity would be confined to the urban areas, which account for more than 90% of the planned investment (source: Technopak Advisors).

The economic downturn in India and at many other developing countries in the world affected most of the sectors, including the retail sector in which your Company operates, resulting in a lower than expected demand for its goods and consequently lower profitability during the year under report. Many of the organized retailers were compelled to wind up their operations, while some of the others had toned down their operations and consequently cut down manpower. This was further aggravated by the various disturbances in different parts of our country which has resulted in the major downturn in inflow of foreign tourists.

However, the economic downturn in India has also opened up select opportunities for the Company especially with respect to better availability of prime properties at lower rates as well as better talent availability and lower wage rise. The Company have taken measures to convert the economic depression into an opportunity and continued to add new stores in select cities during the current year. The Directors strongly believe that this would definitely help us to improve in top line and would in turn help us to improve growth in income and profitability and improve the return on investment for stake holders in the long term.

In the year under review, The Bombay Store expanded by opening new outlets at Rajiv Gandhi International Airport, Spirit of India Section of International Terminal, Hyderabad and another one at Domestic Terminal of the same Airport; Inorbit Mall, Vashi, Navi Mumbai; Grand Galleria at High Street Phoenix, Lower Parel, Mumbai; Ishanya Mall, Pune and at Triose Mall at Lonavala. More outlets are planned in the major cities in India like Hyderabad, Bangalore, Pune and Mumbai and are looking at opportunities at major Airports in India.

The Bombay Store does promote Artisans, under privileged and down trodden children and women folk and even NGOs. To name a few, Literacy India, Vimla Welfare Centre, Pragati Rajasthani Mahila Mandal, Maheshwari Khadi Bhandar, etc. Simultaneously we also take care that the brand image of the Company is not compromised at any level.
