Car with driver for use of Company's business and telephone at residence shall not be considered as perquisites.

The Managing Director shall further be entitled to:

- (i) Reimbursement of entertainment expenses incurred in the course of the Company's business not exceeding Rs. 20,000/- per annum;

- (ii) Leave with salary, allowance and other benefits as per the Rules of the Company. Privilege Leave not exceeding one month a year or 1/11th of duty period and he will be entitled to encash the leave but not availed at the end of the tenure of service.

The monetary value of the perquisites will be evaluated as per the Income Tax Rules and be subjected to such ceiling as may be prescribed by the Central Government.

In the event of loss or inadequacy of profits in any year, the remuneration and perquisites will be paid in accordance with Schedule XIII to the Companies Act, 1956 as amended from time to time.

The above salary and perquisites will be subject to the provisions of Sections 198, 309 and 349 of the Companies Act, 1956.

In view of Shri Kapadia's long association with the Company, it would be beneficial for the Company to continue to avail his services. Accordingly the Directors recommend the Resolution.

This may be treated as an abstract of the terms of his appointment under Sec. 302 of the Companies Act, 1956.

None of the Directors except Shri H. T. Kapadia is concerned or interested in the aforesaid resolution.

Item No. 7

At the Annual General Meeting of the Company held on 21st August, 1997, the Shareholders had approved the payment of remuneration by way of commission to the Directors of the Company (other than Directors in the whole time employment of the Company or the Managing Directors) at a rate not exceeding 1% of the net profits of the Company computed in the manner laid down under the relevant provisions of the Companies Act, 1956 (the Act) for a period of five years effective from 30th August, 1997.

At the aforesaid Annual General Meeting, the Shareholders also approved that at any time during the period of five years commencing from 30th August, 1997 the Company does not having a Managing Director/Wholtime Director/Manager the above commission shall be paid at a rate not exceeding three per cent of the Net Profits of the Company.

Pursuant to the above approvals the Directors received remuneration for the years 1997-1998 to 1999-2000. For the years 2000-2001 to 2005-2006, due to loss/inadequacy of profits the Directors did not receive any commission.

Your Directors continue to devote lot of their time and efforts towards the affairs of the Company and as a result thereof during the year 2006-2007, the Company could achieve a Profit Before Tax of Rs. 378 lakhs.

The Company has ambitious expansion/diversification plans during the years ahead which will result into better working results.

Considering the ever increasing duties and responsibilities of the Directors, it is proposed to remunerate them by way of commission at one per cent of the net profits of the Company as computed in accordance with the provisions of the Companies Act, 1956 and in the absence of managerial personnel it will be desirable that they be paid commission at the rate not exceeding three per cent of the net profits of the Company as provided in Section 309 of the Companies Act, 1956.

Members' approval is sought for payment of commission to Directors as set out in the Resolution.

All the Directors of the Company except Shri H. T. Kapadia, Managing Director, are interested in the aforesaid resolution.

By Order of the Board of Directors

- (i) as Beneficial Owners at the end of the business hours on 8th August, 2007 as per the list to be furnished by the National Securities Depository Ltd. and the Central Depository Services (India) Ltd. in respect of the Equity Shares held in electronic form;
- (ii) as Shareholders in the Register of Members of the Company after giving effect to all valid transfers in physical form lodged with the Company on or before 9th August, 2007.

MANAGEMENT DISCUSSION & ANALYSIS**(a) Overview of operations**

During the year, the Chemical Division continued its improved performance with increased sales in terms of both volume and value. The sale of Boron products during the year went up by 22.88% to 17507 MT from 14247 MT for the previous year

while in terms of value the increase works out to 22.34% at Rs. 6,475.69 lakhs against Rs. 5,293.32 lakhs for 2005-2006. The Company's speciality Boron Products are in demand in developed countries, like USA, Australia, UK and other European countries. We are trying to explore this market further.

The gross profit before depreciation and taxation jumped by 25% to Rs. 554.27 lakhs from Rs. 444.91 lakhs for the previous year. After providing Rs. 176.46 lakhs for Depreciation (Previous Year – Rs. 167.17 lakhs), the profit before taxation for the year increased by 36% to Rs. 377.81 lakhs. This is the highest ever pre-tax profit achieved by the Company since its inception in 1963.

Provision for Taxation (including provision for Fringe Benefit Tax) for the year worked out to Rs. 152.90 lakhs against Rs. 115.43 lakhs for 2005-2006. The Company has reversed the deferred tax liability of Rs. 17.92 lakhs during the year against Rs. 29.32 lakhs for the previous year.

The net profit for the year works out to Rs. 242.83 lakhs against Rs. 191.63 lakhs for the previous year, i.e., an increase by 26.81%.

After adding Rs. 20.18 lakhs being the balance brought from the previous year, the profit available for appropriation for the year increased to Rs. 263.01 lakhs from Rs. 207.95 lakhs for the previous year.

Regarding performance of the Timber Division during the year, the sales turnover declined to Rs. 339.78 lakhs from Rs. 364.62 lakhs mainly because of non-availability of Rubber Wood consequent upon increase in the price of natural rubber, which is disincentive to the farmers to fell the trees. Besides this, there is considerable import of finished timber from South East Asian Countries, which competes with the local producers.

Performance of the Wind Mill Farm improved during the year with generation of 17,12,420 units of electricity compared to 14,59,748 units for the previous year.

(b) Prospects in the industry

Chemical Division

Established in 1963, our Company are the pioneers in India for the manufacture of Borax and Boric Acid (used mainly in glass, ceramics, tiles, textiles, paints, detergents and pharmaceuticals) with a market share of 60% in India. Over a period of the last four decades the Company has firmly established a stellar reputation for its Borax and Boric Acid with regard to quality in both domestic and international markets. Efforts towards quality improvement and cost reduction with an aim to remain steadily progressive in the market share are being continued.

The Company has also developed in its R & D Division Specialty Boron Chemicals with good export market potential like Boric Acid SQ Grade (for use in the manufacture of electrolytic capacitor, catalyst, as a reagent grade chemical), Disodium Octaborate Tetrahydrate (micronutrient in agriculture) and Zinc Borate (flame retardant chemical).

Regarding future plans, the Company plans to extend its existing facilities to manufacture products with good export potential like Specialty Boron products and organic/inorganic sulfonation products. Necessary agreements for purchase of land admeasuring 90,103 sq. mtrs. at Dahej (in Gujarat) is in progress.

As regards use of Borax as a micronutrient in agriculture, it is a well known fact that there is a lot of deficiency of Boron in Indian soil especially in coastal region. The Company has taken experimental trials on various cash crops like oil seeds, cotton, soyabean, sugarcane and many fruits and vegetables. Recently, this assignment was given to Vasantdada Sugar Institute, Pune. The Institute has conducted the trials with positive results. Increase in yield was 10-11% by applying 5-10 kgs. of Boron in soil per hectare. The Company has also got similar results in Tamil Nadu. In Gujarat, the Company conducted trials on cotton, groundnut, soyabean and other cash crops with excellent results after applying Boron as a micronutrient fertilizer. The Company expects to market at least 300/400 tonnes p.a. of this product.

The Company also plans to invest in a wind mill farm to generate 600 kW of electricity in Kutch, Gujarat. Investment in this farm is Rs. 400.00 lakhs. The units of electricity generated by this Wind Mill Farm will be sold to the Gujarat Electricity Board under a long term Power Purchase Agreement.

Our Company is committed to total customer satisfaction by offering quality products at reasonable price, followed by excellent customer service. A net work of dealers all over India, built up over last four decades, provides full support and service to customers. This has enabled the Company to maintain its share in Boron chemical market in India. Further, the Quality Management System of Chemical Division has been certified by Bureau Veritas Quality International (BVQI) to be in accordance with ISO 9001:2000 quality standards for manufacture and supply of bulk Boron chemicals and Specialty Boron Chemicals. Our Company continues to do its best to meet and exceed customer requirements with regard to quality and reliability of all its products and services through improvement in all its operations.
