DIVIDEND

Your company is traversing on a high growth curve, aimed at placing itself on a sustainable plan for years to come. This necessitates investing in major expansion project, vital to its long term health. The project will be funded through internal accruals as well as external borrowings. Given the circumstances, your Directors do not deem it fit to recommend any dividend for the year ended 31st March, 2008.

RESULT OF OPERATION

Your company has achieved the best ever annual result since inception. The year witnessed a fundamental improvement in most significant operating parameters. All key performance measures such as Turnover, Gross Profit, Profit before Interest and Taxes (PBIT) and Profit before Tax (PBT) and Profit after Tax (PAT) registered impressive growth as compared to 2006-07.

Turnover was an all time high at Rs. 314.98 million which is higher than that of last year by 20.41%. Profit after Tax was also the highest recorded at Rs. 14.18 million that is higher than that of last year by 24.17%.

SHARE CAPITAL AND INITIAL PUBLIC OFFER (IPO)

The Authorized Share Capital of the Company was increased from Rs. 200 million to Rs. 460 million during the year under review. The company came out with its Initial Public Offer (IPO) of 2,19,00,000 equity shares of Rs. 10/- each at premium of Rs. 2/- each during the year under review. The issue has received a huge response from the investors and has been subscribed over fourteen times. The shares of the company were listed on the Bombay Stock Exchange Limited and the National Stock Exchange Limited w.e.f. 3rd January, 2008. Now, the shareholders can trade with

the shares of the company, which will give them added benefit of liquidity.

The paid-up share capital was increased from Rs. 111.69 million to Rs. 430.04 million pursuant to allotment made on 1st November, 2007 of Rs. 99.25 million and further allotment made on 26th December, 2007 of Rs. 219.10 million on account of its IPO.

BACKWARD INTEGRATION PROJECT & CAPACITY EXPANSION

The Company is in the process of implementing a Strategic Backward Integration Project at Jharkhand to manufacture Clinker, the main raw material for Cement having a capacity of 800 TDP. The manufacture of clinker will help the Company to operate its machinery at its full capacity and also to increase the production. It will also help to decrease the cost of production thereby improving the bottom lines. The company is also setting up a cement grinding plant of 800 TDP at that place. Sixty acres of land has already been allotted by the Jharkhand Government and the civil work has already been started. The Company has entered into an agreement for purchase of major Plant & Machinery with Thyssenkrupp Industries India Pvt. Ltd., one of the leading Companies of the world in this field. Our Technical Consultants in this project is Development Consultants Private Limited (DCPL). The company has expended Rs. 2882.80 lakhs for the project as on 30th June, 2008.

KEY CONCERN AREA

The Company is presently dependent on outside supply of clinker which is the main raw material for the cement manufacturing. After completion of the Backward Integration Process i.e. after coming into existence of the clinkerization plant, the company is optimistic about the significant improvement in financial performance of the company.

CONSERVATION OF ENERGY

With regard to Research and Development, Energy Conservation and Foreign Exchange Earnings and Outgo, details are given in Annexure A and form part of this Report.

No employees of the companies is covered under Section 217(2A) of the Companies Act, 1956 read with the Companies (Particular of Employees) Rules, 1975 made thereunder

AUDITORS

The auditors M/s. N. K. Agarwal & Co., Chartered Accountant retire at the conclusion of the ensuing Annual General Meeting and are eligible for re-appointment. The retiring auditors have given their consent for re-appointment. The Company has received a certificate under Section 224(1) of the companies Act, 1956, from the Auditors that their appointment, if made, will be in accordance with the limits as specified in Section 224(1) of the Companies Act, 1956.

AUDITORS' OBSERVATIONS

Auditors' observations are duly dealt in notes to accounts attached herewith and forms part of the statements of accounts of the company and are self-explanatory in nature.

DIRECTORS' RESPONSIBILITY STATEMENT

Your Directors wish to inform that the Audited Accounts contained Financial Statement for the financial year ended 31st March, 2008, are in full conformity with the requirement of the Companies Act, 1956. They believe that the Financial Statement reflect fairly, the form and substance of transactions carried out during the year and reasonably present your company's financial condition and results of operations.

Your Directors further confirm that :

- (i) In the presentation of the annual accounts, applicable accounting standards have been followed.
- (ii) The accounting policies have been consistently applied and reasonable, prudent judgment and estimates are made so as to give a true and fair view of the state of affairs of your company as at 31st March, 2008 and of the profit for the financial year ended 31st March, 2008.
- (iii) Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956, for safeguarding the assets of your company and for preventing and detecting frauds and other irregularities.
- (iv) The annual accounts of your company have been prepared on a going concern basis.

STATUTORY DISCLOSURE

None of the Directors of the Company are disqualified as per the provisions of Section 274(1)(g) of Companies Act, 1956. The Directors have made necessary disclosures as required under the

various provisions of the Act.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Management Discussion and Analysis Report forming part of the Directors Report for the year under review, as stipulated under Clause 49 of the Listing Agreement with the Stock Exchange, is discussed in a separate section of this Annual Report.

CORPORATE GOVERNANCE

Your Company re-affirms its commitment to the standard of corporate governance. As per Clause 49 of the Listing Agreement with the stock Exchanges, a separate section on Corporate Governance together with a certificate from the Auditors of the company confirming the compliance is set out in the Annexure forming part of this report.

DIRECTORS

Mr. Subrata Mookherjee and Mr. Prabha Shankar Mishra will retire by rotation from the board in accordance with Article 134, 135 & 136 of the Article of Association of the Company and are eligible for reappointment.

Mr. Kailash Prasad Agarwal has been appointed as Wholetime Director designated as "Executive Director" of the company on 26th July, 2008, w.e.f. 1st August, 2008. The Board has also made revision to the remunerations to be paid to Mr. Ashok Gutgutia, Vice Chairman and Managing Director of the company w.r.e.f. 1st April, 2008. All such changes are subject to shareholders approval and necessary resolutions have been proposed for your approval.

ACKNOWLEDGEMENT

Yours Directors place on record their deep appreciation of the assistance, support and guidance provided by the Central and the State Governments, Financial Institutions, Banks associated with your company.

Yours Directors also place on record their deep appreciation for the continued co-operation and support received from the valued customers, dealers, distributors, market organizers, suppliers, contractors and all who have directly or indirectly contributed in the success of your Company.

Your company's employees are instrumental in your Company scaling new heights, year after year.

Your Directors place on record their deep appreciation of the commitment and contribution of your company's employees.

Your involvement as share holder is greatly valued.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and development

Cement is being a vital ingredient for Infrastructure Sector as well as Housing Sector, has its fortune tied up with the national economy. The strong growth in Indian Economy and the impressive GDP growth witnessed by the country has been reflected in all sectors of the economy including the construction sector. The construction industry is witnessing an unprecedented growth in all sectors including infrastructural development, housing, retail, entertainment and special economic zones. This growth of the construction industry is being aptly reflected in the growth of cement demand which has led to not only demand - supply mismatch in favor of supply but also the likely to create almost 100 Million Tones of new cement capacities after almost a decade of subdued market conditions.

The cement demand, in the second year in succession, has registered a double digit growth (10.5% in FY 07) and a much awaited stable price regime. It is worth noting that even at current level, cement price index from 2000-01 has remained below all commodity price index such as steel, timber, bricks etc. despite the steep rise in coal price, rail/road freight which contribute to almost 40% of the delivered cost on which companies have no control.

Burnpur Cement Limited (here in referred to as BCL) is primarily engaged in manufacture and sale of PSC cement. BCL has a 1000 TPD of Installed Capacity at Asansol in West Bengal. Considering robust growth in Cement consumption your company has undertaken a major capacity expansion project in the Hazaribagh district of Jharkhand at patratu Industrial Estate. The project will take place in two phases. The first phase is for production of clinker with an installed capacity of 800 TPD and a cement grinding unit of 800 TPD and second phase is for the production of clinker with an installed capacity of 800 TPD and a cement grinding unit of 800 TPD with a captive power plant. Once, the new plants comes into operations, BCL will produce all the three varieties of cement. i.e. PSC, PPC and OPC.

OPPORTUNITIES AND THREATS

Opportunities

Cement Consumption in India has been growing at a compound annual growth rate of around 8% during the last five years. The market for cement industry is seemed to be very promising and selling prices are firming up. Government's impetus on infrastructure development, strong demand from housing segment and thrust on capacity expansion by companies across industries is driving the growth in cement consumption.

Threats

Two critical components for the cement production are Limestone as raw material and coal as fuel. The high level of international crude prices and their impact on the domestic price of petroleum products and sharp increases in the delivered prices of coal are likely to affect the cost of production and thus reduce the profitability of BCL.

Company Outlook

Both Limestone deposits and coal are available within a radius of 10-15 kms from the proposed project site of the company which will provide insulation to the company. The company is poised to seize every opportunity to enter the existing line of business or new related line of business. The company is well equipped to handle threats of competition and challenges which might emanate from Cement Industry or the Company's ongoing execution of project.

Risk & Concern

a) Cement Industry is highly energy intensive

The Company is in the process of enlarging its Cement capacities in different locations across the country with an endeavor to have captive power units at each such location to make its cement price competitive.

b) Cyclical and political condition affecting business

The Cement Industry is cyclical in nature and consumption level of cement is also dependent on the stable Government in the Centre and State.

PERFORMANCE OF THE COMPANY

The highlights of performance of the Company for the year 2007-2008.

- 1) Turnover at Rs. 314.98 million (up by 20.41%)
- 2) EBDIT at Rs. 44.27 million (up by 29.79%)
- 3) Profit after Tax at Rs. 14.18 million (up by 24.16%)
- 4) Net Block including Capital Work-in-Progress increased from Rs.159.86 million in FY-05 and Rs. 164.11 million in FY-06 and Rs. 219.75 million in FY-07 and Rs. 395.71 million in FY-08.
- 5) Annual Production 15,31,809 Bags (Up by 23.86%)

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The company has established suitable internal control systems, which provide reasonable assurance with regard to safeguarding the Company's assets, promoting operational efficiency and ensuring compliance with various legal and regulatory provisions. The Internal Audit Department reviews internal control systems in various business processes and also verifies compliance of the laid down policies and procedures. Report on the internal control is reviewed by the senior management and are also placed before the audit committee of the Directors. The statutory auditors also review their finding with the senior management and audit committee.

HUMAN RESOURCES & INDUSTRIAL RELATIONS

The company has a team of able and experienced professionals. The company believes that it will manage to achieve substantial
