#### **FINANCIAL RESULTS**

During the year under review, your company registered a total loss of Rs. 34.96 Lacs due to recession in the Cement Industry. The operations of the company had been effected drastically due to slowing down of construction activities, poor economy, political instability and consequential depressed prices. Increase in the cost of raw materials and other inputs had also an adverse impact on prices. The summary of the Financial Results is as under:

	1999-2000	(Rs. in Lacs) 1998-99
Sales	94.04	130.24
Other Income	12.32	16.86

Profit (Loss) before Taxation	(34.96)	(25.50)

#### **IMPLEMENTATION OF EXPANSION PROJECT**

Your company started production of 43 Grade Cement in 1995-96. The quality of the cement is well satisfactory & has been accepted by the ultimate consumers. The production on the expansion project from 15000 TPA to 66000 TPA could not be started as yet because of financial crises arised due to non-receipt of allotment money of Rs. 215 lacs and a term loan of Rs. 50.00 lacs from RIICO Ltd. Your Directors are doing efforts and hopeful of some positive results in the years ahead.

#### **FUTURE OUTLOOK**

With the Govt. of India putting more emphasis on infrastructure development and improved economy, the demand for cement is expected to increase at the rate of around 15% per annum. At present the per capita consumption of cement in India is very low i.e. 80 kg as compared to the world average of 250 kg. Your company is very optimistic about the future prospects of the cement industry and simultaneously expecting some positive developments in the implementation of expansion project. Keeping in view all the above factors your Directors are hopeful of achieving goods results in the current year.
