DIRECTORS' REPORT and Management Discussion and Analysis

Dear Members,
Chamak Holdings Limited

Your Board of Directors are pleased to present 33rd Annual Report of the company and Brief on the business and operations of the Company and the accounts for the Financial Year ended March 31, 2017 along with the annexures thereto.

Our Management Team:

Our Management team consist of highly experienced and dedicated Management Team which consists sufficient number of Executive, Non-Executive, Independent Director, Woman Director etc. and other KMPs, who have wide and varied experience in different disciplines of corporate functioning.

BUSINESS OVERVIEW

The Company is basically engaged in the business of Plastic & Steels Scrap and other related activities. The prospect of Plastic related goods are bright in terms of long term perspective and it will help us to increase our earnings in near future.

On the economic front, India seems to be witnessing a slow pick-up in growth. The real problem lies for India is that too much long term money is really not coming from the Foreign Investors and Domestic investors are also not pumping money into the market at the expected rate. The positive reforms taken by the Government is encouraging for the Corporates in the near future. The reduction of crude oil prices as well as lower food prices, have contributed to a fall in consumer price inflation. The current account deficit has also improved than what it was earlier. The Reserve Bank of India (RBI) has cut policy rates several times in 2015-16 and eased liquidity. Despite these positive developments, FY2015-16 was difficult for the banking and financial services sector. Low credit growth plus high non-performing assets (NPAs) have resulted in banks being reluctant to pass on the benefits of the eased liquidity and rate cuts. Under such circumstances, Chamak has shown the sign of growth as compared to last year.
