Message from the Chairman

CRISIL continued to strengthen its presence across markets as a leading, agile and innovative global analytics company, delivering growth and improved profitability.

Indeed, 2018 was a year of big changes both in the Indian and global markets, with its share of changing technologies, regulations and customer needs. All these are not only redefining markets, but also creating opportunities for us.

During the year, CRISIL continued to strengthen its presence across markets as a leading, agile and innovative global analytics company, delivering growth and improved profitability.

Our Ratings business continued to stand tall on the back of analytical rigour, ratings quality and in delivering Essential Intelligence. Coalition deepened its presence across Corporate and Investment Banking by enhancing its niche analytics offerings. India Research continued to leverage its data and analytics platform Quantix to serve emerging needs. Global Research and Analytics achieved good traction with its SMART and SPARC solutions.

Throughout the year, we continued to focus on innovation. For micro, small and medium enterprises, we launched CriSidEx, India's only sentiment index of its kind, and the CRISIL Credit Assessment Score that offers the markets and lenders insights and opinions on credit.

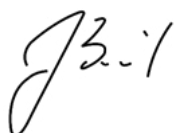

We also sharpened our imprint across industries through a raft of high-impact events and thought-leadership reports. The collaboration between S&P Global and CRISIL continues to progress with several joint events being hosted in India and Singapore.

I am confident that these strategic pursuits powering our transformative journey will enable us to serve new client needs and fuel growth.

Last but not the least, my heartfelt thanks to all our CRISIL employees. It's their hard work and invaluable contributions that have ensured our growth and success.

I look forward to your continued support, and wish you and your families a great 2019.

Warm regards,

John L Berisford
Chairman
