## MD & CEO Message

Dear Shareholders.

The Year 2018-2019 was an year to retrospect, and leverage the strength of the legacy laid out in the past 2 decades.

This year, the economy had slowed down for multiple reasons, and in addition, digitization and artificial intelligence have taken over many industry such as Hotel, Rental Cars, Real estate etc. Amid this transformational phase, we stuck to our strengths and results like being mandated as the primary partner for UTI for their PAN card verifications across India bear testimony to our perseverance.

This was also the last year of the government in existence to show case all their good work done in the last 5 years. The Government of India had initiated many schemes for the benefits of the citizen and it was now the time to review and measure the result achieved so far. CRP had has been working proactively with

various ministries to be part of this the review and measurement process – a number of these efforts are close to fructification. This time next year, you should see CRP partnering with various Government departments for driving major citizen and E-governance projects in the North East.

The strategy for the future is to continue focusing on our strengths of geographical penetration, increasing the thrust on technology by incorporating even more artificial intelligence into our processes and carving our larger opportunities where our core strengths can be deployed with a sharp focus on government and public sector opportunities.

**Wishing all us a great future**

**Sayed Raza**  
**MD & CEO**
