11. **maximize the satisfaction of individual interests:** For example, the author of this article, Ted Smith, offered strong evidence that people who receive training from the same organization

12. **provide a clear focus:** Ted Smith's focus is a policy, which has to do with organizational communication and more specifically with the extent to which organizations are open to the public. He is not a policy maker or a policy implementation person, but rather he is a policy analyst who offers some guidance on how to implement the policy

13. **provide structure to the reader:** Ted Smith's article is structured like the following: Introduction, background, research, conclusions, and a call to action. The background section is the longest and is the most interesting, but the ending should be satisfying to the reader

14. **maximize the satisfaction of individual interests:** For example, the author of this article, Ted Smith, offered strong evidence that people who receive training from the same organization

an appropriate system of management. Good management practices are essential to the effective operation of a system of the

- Long-term cultural change requires a change in values
- Top-Right strategy works during the transition: a "Social Norm Culture Change" strategy will give local people a new identity
- Most countries put a lot of focus on the economic side of the culture change, but the social side is also important

[illegible]

- Associations of General Researcher-Practitioner Experiences with Tobacco Use
