EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013.

Item No. 4

The Shareholders be apprised that your Company has been obtaining loan from Nyra Holdings Pvt. Ltd. (Nyra Holdings). Nyra Holdings is a related party to the Company as per the terms of section 2 (76) of the Companies Act, 2013 and also belongs to the promoter group Company. Till 28th March, 2017 the total amount which was borrowed from Nyra Holdings Pvt. Ltd. was ₹ 9,26,70,000/-. Further as per the terms of Regulation 23 (1) of the SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015, any transaction of such borrowing from Nyra Holdings Pvt. Ltd. is a material related party transaction, as the said regulations states that:

"A transaction with the related party shall be considered material if the transactions to be entered into individually or taken together with previous transactions during a financial year, exceeds 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity."

Since the turnover of your Company has remained Nil since previous few financial years, hence any such transaction of borrowing the loan from related party becomes material related party transactions. Your Company had obtained the requisite approval of the shareholders on

25th September 2015 as required under the then Clause 49 (VII) (E) of the Listing Agreement for such material related party transaction.

Nyra Holdings Pvt. Ltd. has arranged to assign the aforesaid Loan arrangements with the Company in favour of its holding/parent Company, i.e., Spice Energy Private Limited, under the process of restructuring of investment within the group. In the said process of restructuring, Nyra Holdings Private Limited has arranged to set-off its loan taken from Spice Energy Pvt. Ltd. with the loan amount extended to our Company, worth ₹ 9,26,27,000/-.

In context to the above a tri-partite agreement was executed between your Company (as borrower), Nyra Holdings Pvt. Ltd. (as assignor) and Spice Energy Pvt. Ltd. (as assignee) to effect the aforesaid transaction, i.e., assignment of loan from Nyra Holdings to Spice Energy Private Limited and also that the Spice Energy Private Limited to extend the assistance with your Company in future by way of extending loan to the Company as and when required, in different tranches.

As stated above that the Company had obtained shareholders' approval for such material related party transaction with Nyra Holdings Private Limited, which is now assigned to its parent holding Company M/s Spice Energy Private Limited, (also a promoter group Company), a due intimation in this respect has been already given to the Bombay Stock Exchange, where shares of the Company are listed, to make you aware about the change of arrangements took place during the year.

Aforementioned arrangement of obtaining loan from related party falls into the category of material related party transaction as per Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Explanation to Regulation 23(1) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 differentiates between a related party transaction and a material related party transaction, it prescribes the limit of the transaction which will be treated as the material related party transaction i.e., "transaction/s with related party being entered individually or taken together with previous transaction during a financial year, exceeds 10% of the annual consolidated turnover of the Company as per the last audited financial statement, will be material related party transaction."

Based on the criteria as mentioned above in the Listing Regulations, the loan transactions entered into by the Company with Nyra Holdings Pvt. Ltd. for ₹ 9,26,70,000/- in total, which is now assigned to M/s. Spice Energy Private Limited through Tripartite Loan Assignment Agreement are proposed for due ratification/ approval by members. A proposal is also made to the shareholder to accord their approval with the resolution to enable the Company to enter into such material related party transaction with Related Parties, including Spice Energy Pvt. Ltd. under an agreement or otherwise, for financial year 2017-18 and in future.

As prescribed under Sub Regulation 7 of Regulation 23 of the Listing Regulations, 2015, all entities falling under the definition of related parties shall abstain from voting irrespective of whether the entity is a party to the particular transaction or not, here related party means the entities as mentioned in section 2 (76) of the Companies Act, 2013 and as per the applicable accounting standard. Hence, the Spice Energy Pvt. Ltd., all the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in this resolution.

The Board recommends the Special Resolution as set out at item No. 4 for the approval of the Shareholders.

Item No. 5

The Article of Association (AoA) of the Company as presently in force are based on the Companies Act, 1956 and several regulations/clauses in the existing AoA contain references to specific sections of the Companies Act, 1956 and some regulations/clauses in the existing AoA are no longer in conformity with the Companies Act, 2013 (the "Act").

With the coming into force of the Companies Act, 2013, several regulations/clauses of the existing AoA of the Company require alteration and deletions. Given this position, it is considered expedient to wholly replace the existing AoA by a new set of AoA.

The new set of AoA to be substituted in place of the existing AoA are based on "Table F" of Schedule 1 of the Act which sets out the model Articles of Association for a company limited by shares.

A copy of the proposed set of new Articles of Association of the Company would be available for inspection at the Registered Office of the Company during the business hours on any working day except Saturdays up to the date of the Annual General Meeting and during the Annual General Meeting. The proposed draft Articles of Association is available on the Company's website at www.cals.in for perusal by the shareholders.

None of the Directors/ Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the Special Resolution set out at Item No. 5 of the Notice.

The Board recommends the Special Resolution set out at Item No 5 of the Notice for approval by the Shareholders.

3. Reserves

The Company is not having any surplus available to be carried forward to Reserves.

4. Brief description of the Company's working during the year/ State of Company's affair

(i) Company's operation during the year

The Company has no business operations. The financial situation has been grim and in prevailing circumstances of no funding available, coupled with various litigations against the company, chances of starting business operations seem nearly impossible.

The reasons for such status of the Company and present scenario of the Company could be articulated in the below points:

a. Sebi's Investigation against the Company for Market Manipulation using GDRs issue.

Your Directors have been reporting continuously about the investigation against the Company by the Securities and Exchange board of India (SEBI) and the restriction imposed on the Company vide Sebi's order in September and December 2011, which was finally confirmed on 23rd October, 2013 via its final order upon the completion of the Investigation against the Company. The SEBI vide this order has restricted the Company from entering into the securities market and altering its capital structure, in any manner effectively for a period of eight years from the date of the final order. Your Company has challenged the order in the Securities Appellate Tribunal (SAT), which proceedings are ongoing, your Company is expecting the order of the SAT in near future.

The sanctions imposed by the order of the SEBI against the Company has had a significant adverse impact on the activities of the Company relating to the establishment and start of the project.

b. Failure to achieve the financial closure

The aforesaid restriction on the Company has led to the situation where your Company has failed to achieve the required financial closure. The said failure of the Company had a severe impact on its abilities to perform its part of the contract with vendors, suppliers for various components of the projects including the Refinery. The Company had grossly failed to make the balance payments to the suppliers

in view of lack of the funds into the Company. This has the further impact of writing off of various advances, pre-operative expenses, consultancy fee and capital work in progress as the relevant contracts and arrangements had expired long back and the Capital advances which were made at the time of project implementation stage are either not recoverable or specific performance against the said advances cannot be enforced. The Board of Directors based on the aforesaid difficult situation took a legal opinion in this matter to reflect a true and fair view of the financial statement and decided to write off the various advances, land and pre-operative expenses etc. from the balance sheet of the Company.

Such writing off of aforesaid advances, land and pre-operative expenses had resulted in substantial change in the profit and loss of the Company, which has completely eroded the net worth of the Company. This situation indicates the existence of a material uncertainty that may cast a significant doubt on the Company's ability to continue as a going concern. The Auditor have taken cognizance of this fact in their Report of the previous year and in this year too and have qualified their opinion. The board has given their comments on the said qualification of Auditor's in the later part of this Report.

c. Huge Litigation and Compliance cost, Financial Support & Arrangements

Your Board would like to submit that, despite adverse situation in the Company, your Company has always diligently complied with all the requirements of the various laws and regulations in true spirit and manner. Various litigations, appeals and court proceedings, for and against the Company had a severe impact on the financial conditions of the Company. Having noted the present financial conditions and status of the business operations of the Company as against the expenses incurred to comply with the various compliances under different laws and regulations and also meeting the huge litigation expenses, the company is currently in a shattered state.

Considering the prohibition imposed by the SEBI, no equity infusion was allowed in the Company, hence the only option left with the Company was to borrow from related parties. During the period under review, your Company had a single source of funding through one of the related party and promoter group Company Nyra Holdings Private Limited.

Your Company has been receiving the Inter-Corporate Loan as aforesaid, to manage its day to day operation, compliances and litigation expenses. The said loan from the body corporate have an impact of interest as per the prevailing provisions of the Companies Act, 2013, which your Company needs to bear with.

Further Nyra Holdings Pvt. Ltd. on 28th March, 2017, has assigned the aforesaid Loan arrangements to its parent/holding Company, i.e., M/s Spice Energy Private Limited under the process of restructuring of investment within the group. In the said process of restructuring the Nyra Holdings Private Limited has arranged to set-off its loan taken from Spice Energy Pvt. Ltd. with the loan amount extended to our Company, worth Rs. 9,26,27,000/-.

A tri-partite agreement was executed between our Company (as borrower), Nyra Holdings Pvt. Ltd. (as assignor) and Spice Energy Pvt. Ltd. (as assignee) to effect the aforesaid transaction, i.e., assignment of loan from Nyra Holdings to Spice Energy Pvt. Ltd. and for Spice Energy Private Limited to continue with the loan arrangements with your Company in future.

The aforesaid agreement, arrangement and matter is also proposed to be ratified by the shareholders of the Company in this Annual General Meeting i.e. for the FY 2016-17. The factual points in relation to above, have been duly explained in the explanatory statement of the Notice of the Annual General Meeting.

d. Change in Promoter of the Company

In the aforesaid arrangements/restructuring within the group Company, the Nyra Holdings Pvt. Ltd. has also transferred

its equity holdings bearing 233196000 equity shares constituting 2.81% of the entire paid-up capital of the Company, to its Parent cum Holding Company, i.e., Spice Energy Pvt. Ltd. The said transfer was made at the prevailing market price through off market mode. This transaction/transfer of shares to the Spice Energy Pvt. Ltd. by Nyra Holdings Pvt. Ltd. has resulted in change in the promoters of the Company, i.e., Spice Energy replaces Nyra Holdings as promoter in the shareholding list of the Company. The Spice Energy and Nyra Holdings has given the requisite disclosures under Regulation 29 and 30 of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and Insider Trading Regulations, which is duly reported to the Stock Exchange and the necessary e-form has been filed with the Registrar of Companies in relation to the above.

The trading of the equity shares of the Company at BSE website has been suspended w.e.f 08th August, 2017. The SEBI vide its letter bearing No. SEBI/HO/ISD/OW/P/2017/18183 dated 07th August, 2017 has provided a list of shell Companies as identified by Ministry of Corporate Affairs (MCA) to the Exchange, with a direction to take necessary measures. The BSE, based on the above, has taken a measure against the Company which inter-alia includes moving the securities to GSM Framework under stage VI w.e.f August 08, 2017. "As per the GSM framework, trading in the securities of the Company shall be permitted only once a month under trade to trade category and any upward price movement in the securities shall not permitted beyond the last traded price and additional surveillance deposit of 200% of trade value shall be collected from the buyers which shall be retained with the exchanges for a period of five months".

Earlier the equity of the Company was placed under stage 1 of GSM framework vide the notice dated 13th June, 2017 and now it has been directly moved to stage VI of the GSM framework, which have led to the aforesaid restrictions in the trading.

The Company had no idea or any information, on what ground and basis, it has been moved to the list of shell Company by Ministry of Corporate Affairs and such restrictions on the trading is being imposed on the Company.

Your Company, has written to SEBI and BSE, asking for the basis/ground of such treatment or terming the Company as shell Company, resulting into such stringent restrictions on trading of its equity at the Exchange.

(ii) Status of project and Future Outlook:

As your Directors have been reporting since long, that your Company had plans to set up a Crude Oil Petroleum Refinery (the project). The Company has raised Rs. 7,880 million through Global Depository Receipts (GDR) in December 2007, for part funding the project. The proceeds of the GDR issue were fully utilized to pay capital advances

related to purchase of equipment of two used oil refineries and other corporate expenses incurred during construction period. Due to non-availability of funds, restrictive orders of SEBI, pending litigations, and unrecoverable advances paid to suppliers on account of non-fulfilment of financial obligations by company in time, the implementation of the project has been stalled. Since considerable time has elapsed the prospect of the project revival and its implementation has become bleak.

Further your Company is going through the appeal proceedings in the Hon'ble Securities Appellate Tribunal (SAT) against the final order of the Securities and Exchange Board of India (SEBI), the order for which is expected in near future. We have apprised you above, how the restrictive orders and litigations have affected the project implementation of the Company. The restriction on the Company has prohibited the Company to enter into the securities market and explore any capital generation. It has been limited and confined to the loan arrangements from one of the promoter group Company. In the present scenario, your Company has no operational project as no operational revenues accrue to the Company, hence it is evident, that the Company will only be able to survive if the SAT considers our appeal favorably and issues an appropriate final order. Presently no discussion in detail on the project implementation is possible or relevant.

5. Change in the nature of business, if any

During the period under review, there was no change in the nature of business of the Company.

6. Material changes and commitments, if any, affecting the financial position of the company which have occurred between the end of the financial year of the company to which the financial statements relate and the date of the report

There are no changes and commitments, which are affecting the financial position of the Company from the end of the financial year, i.e., 31st March, 2017 till the date of this Report, i.e., 14th August, 2017.

7. Details of significant and material orders passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future

➤ Order dated 23rd October, 2013 passed by Securities and Exchange Board of India:

As reported earlier, The Securities and Exchange Board of India has issued an Order against the Company in the matter of "Market Manipulation using GDR Issues." The Order dated October 23, 2013 mainly states that:

- *Cals shall not issue equity shares or any other instrument convertible into equity shares or any other security, for a period of ten years.*
- *Vide the Interim Order dated September 21, 2011 (later confirmed through the Confirmatory Order on December 30, 2011), Cals was directed not to issue equity shares or any other instrument convertible into equity shares or alter their capital structure in any manner till further directions. In this context, Cals has already undergone the prohibition imposed vide the Interim Order for a period of approximately two years. In view of this factual situation, it is clarified that the prohibition already undergone by Cals pursuant to the aforementioned SEBI Order shall be reduced while computing the period in respect of the prohibition imposed vide this order.*

However, the Company has filed an appeal to the Hon'ble Securities and Appellate Tribunal (SAT), against the abovementioned order of the SEBI, which is ongoing.

From the above Order it is clear that the Company is restrained from issuing any further equity shares or any other instruments, convertible into equity shares or any other security, effectively for a period of eight years (approx) from the date of the order, however the Company has survived the order for approx. 4 years from its date and approx. 6 years in total from the date of the first order.

At this moment the Company has no operational project

and hence no operational revenues accrue to the Company. The Company has been funding its day to day operations and statutory requirements through the funding received by way of unsecured loans from one of the promoter group company. It has now become difficult to continue receive funding support from any other sources including by way of unsecured loans. In view of the complex statutory requirements and financial position of the Company, no lender other than the promoter group Company, is ready to lend money to the Company. The aforesaid restrictive order has built such adverse circumstances, wherein the Company was not able to move ahead with its project and various contracts and agreements which were entered into and for which advances were paid have expired long back. The management, in the previous financials has written off such advances, pre-operative expenses, consultancy fee and capital work in progress to give true and fair picture of the financials, though such writing off completely eroded the net worth of the Company.

The Auditors of the Company has taken note of the same and qualified their Report raising their apprehension on the going concern status of the Company. The management has given their detailed comments on such qualification of the Auditor's at the later part of this Report. Though it is pertinent to note that the ability of the Company to continue as a going concern is significantly dependent on getting a favourable order from SAT and the management is confident for such favourable order.

The Board hereby recommends appointment of M/s VATSS & Associates, Chartered Accountants as the statutory auditors of the Company for the financial year 2017-18 for ratification of the members. Members are requested to consider and ratify the same.

13. Auditor's Report

The Auditors have qualified their Audit Report issued to the Company, by stating the following qualification:

"Attention of the matters is invited to note no.28(d) of the notes to accounts regarding the financial statements of the company having been prepared on a Going Concern basis, not withstanding that due to continuous losses incurred by the company during the past years and current year, the accumulated losses of the Company have far exceeded its Net Worth resulting in negative net worth on Balance Sheet date. The company has written-off a substantial part of its Fixed Asset during earlier years. This situation indicates the existence of a material uncertainty that may cast a significant doubt on the company's ability to continue as going concern."

The Board considered the aforesaid qualification and recorded its comment as below:

The board noted qualified opinion of the Auditors raising the concern on the ability of the Company to continue as going concern.

It has been informed continuously, and it is a matter of record also that the losses suffered during the previous years were on account of expenses incurred as pre-operational expenses relating to the project implementation. In the year 2011 the Company had undergone an investigation by the Securities and Exchange Board of India (SEBI) relating to the market manipulations using GDRs. SEBI in the aforesaid matter had forthwith issued its interim orders prohibiting the Company from entering into the capital market, or issuing any kind of securities and altering its capital structure. This prohibition had a considerable impact on the capacity of the Company to raise funds and thus the project implementation process got slowed. The SEBI in the investigation process has issued their final order on 23rd October, 2013 confirming the aforesaid restrictions on the Company effectively for a period of 8 years approx., from the date of final order. The Company has challenged the final order at Securities Appellate Tribunal, where the proceeding is ongoing and still not got finality, your Company is expecting the order of the SAT in near future.

This restrictive order has brought this Company to a position where no project could be implemented and no source of income could be generated till date, which has in turn resulted into the accumulated losses for the Company over the years. This has further impacted the Company that it could not carry its business further and all the project implementation was stalled. Gradually, all the contract entered into by the Company and advances paid in this behalf expired and become obsolete, due to non-payment of balance funds, which also resulted into not arranging the necessary machineries for the project and management in this respect and with an intention to give true and fair picture of the financials, was bound to take a call for the writing off of all such advances/fixed assets made to the parties.

Before taking decision of such writing off of substantial part of the advances/fixed assets during the earlier years, the Board also took note of the auditor's observation, which was made by them in the meeting held on 10th February, 2015. The Board

recorded the fact that the writing off of such assets were required and mandated to give a true and fair picture of the financial statement.

The Board further took legal opinion on this matter from one of the leading law houses in Delhi, and after considering the various aspects of the legal opinion and also after considering the possibilities of recovery of the Capital advances or the enforceability of such Contracts (including novation), consented to write off these advances.

The Board, based on the aforesaid decision further decided to write off other Fixed Assets and Advances, which is having similar nature as aforesaid and accordingly various advances, fixed assets and pre-operative expenses were written off.

The management is hoping to receive a favourable order from the SAT proceedings, which Company has initiated against the restrictive orders of the SEBI, which will positively impact the future of the Company. In view of the willingness to start the project once the favourable business conditions are in, the Management has taken stand to continue the accounting of the business as a Going Concern.
