SPECIAL BUSINESS

- 6. To consider and if thought fit, to pass with or without modification, the following resolution as an ORDINARY RESOLUTION:-
 - "RESOLVED that pursuant to Section 309 (1) of the Companies Act, 1956, Shri.R. Venkataraman who has been recommended by the Board of Directors to Reserve Bank of India pursuant to article 78 of the Articles of Association of the Bank for re-appointing him as the Chairman & CEO on the expiry of his present term of office with

effect from July 31,2009 for a period not exceeding 120 days or until the new Managing Director & CEO assumes the office, whichever is earlier, be paid a present consolidated salary of Rs.1,10,000/- per month with perquisites and other terms as existing at present, as also recommended by the Board of Directors and as may be approved by the Reserve Bank of India, with liberty to the Board of Directors to alter, modify or vary if necessary, the terms and conditions of the said appointment including those relating to remuneration and perquisites, in such manner as may be approved by the Reserve Bank of India, and in accordance with the applicable provisions of the Companies Act, 1956".

EXPLANATORY STATEMENT

(Pursuant to Sec.173(2) of the Companies Act, 1956)

Item No.6

The present tenure of appointment of Shri. R. Venkataraman as Chairman & CEO of the Bank expires on 30th July 2009. Since the process of appointing new Managing Director & CEO has not been completed, the Board of Directors of the Bank at their meeting held on July 17,2009 decided to seek RBI's prior approval for re-appointing him on the expiry of his present term of office with effect from July 31, 2009 for a period not exceeding 120 days or until the new Managing Director & CEO assumes the office, whichever is earlier. This re-appointment will ensure a smooth transition of work to the new Managing Director & CEO.

The terms and conditions of the re-appointment remain the same as of the earlier appointment. However, during the period of extension, leave can be availed only on pro rata basis.

Since the remuneration payable to Chairman & CEO has not been provided for in the Bank's Articles of Association, the same has to be approved by the Company in General meeting pursuant to section 309(1) of the Companies Act, 1956, and hence the resolution is proposed for approval by the shareholders.

The appointment and fixation of remuneration and other items of perquisites as existing at present is, however, subject to prior approval of the Reserve Bank of India (RBI)

Memorandum of Interest

Chairman & CEO Shri. R. Venkataraman may be deemed to be concerned or interested in the Special Business at Sl. No. 6 as it deals with appointment and fixation of his remuneration. Excepting this, no other Director is concerned or interested in the above item of Special Business.

By Order of the Board For The Catholic Syrian Bank Ltd.,

Chairman's Message

I am happy to place before you, your Bank's Annual Report for the year 2008-09. I also wish to share with you the significant achievements and major initiatives of your bank during the year.

At the outset, let me place on record our immense gratitude to you for having reposed your trust in us by subscribing to the Rights Shares. We are confident that the capital accretion provided by the Rights Issue will catapult us to the league with other private banks.

As I thank you for the continuing loyalty and confidence in CSB, I deem it fit to reassure you of our business focus and the fundamentals. During the year 2008-09, your bank crossed major milestones in aggregate business, net worth and Capital Adequacy Ratio [CRAR]. You will be happy to learn that business grew by 16.05% to reach Rs 10017 crore, Net worth grew by 33.71% to record Rs 312.05 crore and CRAR as per Basel II framework is at 12.29%. Another important milestone achieved by your bank recently is the extension of CBS coverage to all the branches of the bank. That this has been achieved in a short span of just over a year is no small achievement.

During the year 2008-09, your bank launched CSB Upahaar, a VISA enabled gift card. For providing financial assistance to farmers, a unique product CSB Kisan Raksha was also launched during the year. In keeping with the bank's corporate social responsibility, coin vending machines have been installed in association with RBI at two major railway stations. Mobile ATMs are now operational at seven centers.

I convey my sincere gratitude to you for your unconditional support and look forward to the same in the future. Given our breadth of resources, capital base, liquidity, dedicated workforce and strong customer base, we are confident that we are well positioned to step into a rapid growth phase and enhance shareholder value in the years to come. The year 2009-10 is dedicated to concentrating on businesses and processes that will maximize income and minimize costs. Our united efforts in this direction will help create a healthier and stronger balance sheet for the year 2010.

I extend my gratitude to my colleagues in the Board, shareholders, bondholders, customers, employees and well wishers for their patronage and support. I also take this opportunity to thank the Reserve Bank of India for their continued guidance and support.

Thank You,

R.Venkataraman, Chairman & C.E.O

Directors' Report

Dear Members,

Your Directors have pleasure in presenting the Eighty Eighth Annual Report of your Bank with the audited Balance Sheet and Profit & Loss account for the year ended March 31, 2009.

INDIAN ENVIRONMENT IN ECONOMY FRONT

Sub prime crisis in the United States has avalanched into the deepest and most widespread global financial and economic crisis since the Great Depression. With all the advanced economies in simultaneous recession, global GDP is projected to shrink for the first time since the Second World War. After posting Average Real GDP growth rate of 8.9 percent for the last five years (2003-08), India was headed for a cyclical downtum in 2008-09, even without a global economic crisis. Negative impact of the global crisis has accentuated the growth moderation. The full impact of the crisis began to be felt after the bankruptcy of Lehman Brothers in the third quarter, as Real GDP for Q3 recorded a modest growth of 5.3 percent. The services sector, which has been the prime growth driver for the last five years, is slowing. In 2008-09, equity markets weakened in tandem with global stock markets. The BSE Sensex witnessed large swings during the year with intra-year peak of 17600 and trough of 7697. Money supply (M3), increased by 18.4 percent year on year in 2008-09 as against 21.2 percent in 2007-08, reflecting moderation in credit expansion and capital outflows. As capital inflows reduced significantly, the foreign exchange reserves declined by US\$ 57.7 billion from US\$ 309.7 billion as at end-March 2008 to US\$ 252.0 billion by end-March 2009. The Central Government's fiscal deficit more than doubled from 2.7 per cent of GDP in 2007-08 to 6.0 per cent in 2008-09 due to lower than budgeted revenue on account of economic slowdown, effects of fiscal stimulus packages, Sixth pay Commission awards and higher Oil & Fertiliser subsidy bills.

Nevertheless, there have been several silver linings. First, the Indian financial markets, particularly the banks in India, have continued to function normally. Almost all banks of India are reporting operating results which are better than previous year and this is in stark contrast to the global banking giants. Second, headline inflation, as measured by the wholesale price index (WPI) which was in double digits from June to October 2008, has declined sharply and has fallen below 1% by March 2009. Consumer price inflation too has begun to moderate. Third, Real GDP for 2008-09 has grown by 6.7% (as per revised annual estimates released by CSO on 29/05/2009) and Real GDP for 2009-10 is projected to grow by 6% (estimated by RBI in its Annual Policy Statement) and this growth rate, though low by domestic standards is an impressive rate of growth when placed in the global context.

INDIAN BANKING DEVELOPMENTS

The direct effect of the sub-prime crisis on Indian banks/financial sector was almost negligible because of limited exposure to complex derivatives and prudential policies put in place by the Reserve Bank. There was also no direct impact of the Lehman failure on the domestic financial sector in view of the limited exposure of the Indian banks to that entity.

The strong economic growth in the past, low default ratio, absence of complex financial products, regular intervention by central bank, proactive adjustment of monetary policy and so called close banking culture has favoured the banking industry in India in recent global financial turmoil and is well-poised to further the growth agenda of the country, beyond the temporary disruptions caused by the global crisis. However, during the year, keeping with the trend in real sector economic activity, there was moderation in the banking sector development. Growth rate of non-food credit extended by Scheduled Commercial Banks has moderated to 17.5 per cent in 2008-09 from 23.0 percent in 2007-08. The growth in the aggregate deposits of SCBs decelerated to 18.80 per cent from 21.7 per cent in the previous year.

WORKING RESULTS AND APPROPRIATION

As against an environment of global economic recession, resulting highly volatile interest rates, increased delinquency rates and strain on margins faced by the banks in general, your bank has been able to present satisfactory financial performance during the year. Total income during the year amounted to Rs.656 crore as against Rs.542 crore in previous financial year. Total expenditure including provisions and contingencies amounted to Rs.619 crore as against Rs.505 crore in the previous financial year. Bank's total income from Treasury operations and from other banking operations for the year amounted to Rs.188 crore and Rs.468 crore respectively as against Rs.132 crore and Rs.410 crore respectively in the previous financial year. Operating profit of the Bank for the year amounted to Rs. 78.80 crore as against Rs. 73.48 crore in the previous financial year, recording a growth of 7.24 % over the

previous financial year. The Bank's Net profit for the year after providing for an amount of Rs. 28.73 crore towards incremental liability in respect of employee benefits as per AS 15(Revised) and after making the requisite and necessary provisions under Prudential Accounting norms and other usual provisions, amounted to Rs. 37.19 crore as against Rs. 36.56 crore in the previous financial year. With the balance profit amounting to Rs.0.001 crore brought forward from previous year and the transfer of Rs.0.26 crore from the Investment Reserve Account, the total amount available for appropriation is Rs.37.45 crore, from which the following appropriations have been made:

		Rs. in crore
Capital Reserve	:	22.34
Statutory Reserve	:	9.30
General Reserve	:	0.30
Special Reserve (Sec. 36 1(viii) of IT Act.)	:	2.15
Investment Reserve	:	0.74
Charity Fund	:	0.03
Proposed Dividend (Including Dividend Tax)	:	2.58

leaving a balance of Rs 0.01 crore to be carried forward to Balance Sheet

CAPITAL ADEQUACY

4

As per the Basel II capital adequacy framework, the Capital to Risk weighted Assets Ratio (CRAR) as assessed by the Bank as on 31st March 2009 is 12.29 % as against the minimum CRAR of 9% stipulated by the Reserve Bank of India. The Tier I CRAR stood at 8.81%, well above the minimum of 6 %, which is required to be attained by the Bank only on March 31,2010.

ALLOTMENT OF SHARES ON RIGHTS BASIS

Consequent upon the transfer of 2142736 equity shares to Siam Vidhya Group(SVG) of Thailand on December 5,2007, your bank released rights shares (comprised in the 1998 Rights Issue and kept in abeyance as per the requirements of Sec. 205 A(b) of the Companies Act, 1956) thereon, after obtaining the due regulatory approvals. Accordingly, 3214104 equity shares of Rs. 10 each at a premium of Rs.22 per share were allotted to the eleven members of the Group on August 12,2008.

During the period under review, your bank has successfully completed the issue of shares on Rights basis, which was oversubscribed by 11.12%. On February 12,2009, the Bank allotted 15583147 equity shares of Rs. 10 each at a premium of Rs.110 per share. As on March 31,2009, the Bank has called up Rs.25 per share including share premium of Rs.23 per share.

Consequent to the above, the Paid up Capital and Share Premium Account of the Bank have been increased by Rs. 6,33,07,334 and Rs. 42,91,22,669 respectively and accordingly the Net worth of the Bank has increased to Rs.312.05 crore as on March 31,2009 from Rs. 233.39 crore as on March 31,2008.
