MANAGEMENT DISCUSSION & ANALYSIS REPORT**INDUSTRY STRUCTURE AND DEVELOPMENTS**

The Company is manufacturer exporter of Readymade Garments. The Garment Industry is largely scattered and is in unorganised sector. The Government Policies also favour the small scale and encourage the scattered nature of the industry. World wide the trend is towards huge capacities which results in economies of large scale production.

OPPORTUNITIES & THREATS

In the International market, there is a great opportunity to expand our market share after the abolition of quota system w.e.f. 01.01.2005, particularly in the markets of Europe and USA - where internal manufacturing is prohibitively expensive. This will increase outsourcing from India.

On the other hand, there is a clear threat from modern and huge textile manufacturing units in China. These competitors have an edge over us in manufacturing costs, better productivity, better infrastructure facilities and flexible labour laws.

RISKS AND CONCERNS

Our major business in export market is contracted in US \$. The current fluctuations in International Currencies calls for better risk management solutions.

With the abolition of the MFA regime from 01.01.2005 there is concern of unhealthy price competition and the resultant uncertainty. We are trying to counter this by progressively moving up the value chain through backward integration.

COMPANY'S PERFORMANCE

The measures initiated by the Company last year bore fruit and we were able to increase our export sales and the profitability as compared to the previous year.

The Company recorded the total income of Rs. 722.90 lakhs. Net Profit after providing for tax was Rs. 3.62 lakhs as against loss of 4.72 lakhs in previous year. The directors are striving to further improve the Company's performance.

FINANCE

The finance cost for the year was Rs. 6.88 lakhs as against Rs.16 Lakhs for the previous year. The Company is trying to reduce the cost of its working capital requirements. During the year the Company availed of a Term Loan of Rs. 80 lakhs for purchase of Commercial property.

INTERNAL CONTROL

The Company has in place adequate internal control systems & procedures so that all assets and resources are used efficiently and are adequately protected.

10TH ANNUAL REPORT 2003-2004**SAFETY, HEALTH & ENVIRONMENTAL PROTECTION**

Garment manufacturing is non-polluting industry. The Company is providing need based training to employees in order to optimize the contribution of each employee.

PERSONNEL

The Company had 11 employees as on 31st March, 2004 as against 12 as on 31st March, 2003. Industrial relations continued to be cordial.

None of the employees is covered by the provisions of section 217 (2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975 and therefore no details have been furnished as part of this report.

PROSPECTS FOR 2005

The prospects upto December, 2004 are very good. However, there could be short-term uncertainty due to the abolition of the MFA regime from 01.01.2005. Barring unforeseen circumstances, the financial year 2004-2005 should be better than the previous year.

CAUTIONARY NOTE

Certain statements in the above report may be forward looking and are stated as required by legislation in force. The actual results may be affected by many factors which may be different from what the Directors/ Management envisage in terms of future performance and outlook.
