## 2. PERFORMANCE :

During the year under review, the company achieved a growth of 10.53% in capacity utilisation in paper machine No-II. But your company could not achieve the desired profitability during the year due to low productivity and low sales realisation. The productivity remained low mainly due to power problem & technical snacks coupled with lower demand of product. The sales realisation remained low due to the effect of liberal Import Policy announced by Govt. of India and over existing capacity of paper plants in country also overall recession hit market, specially paper industry since last three years.

To maintain the uptrend in profitability and to up-keep the enthusiasm of the investors, your company had started the implementation of expansion cum co-generation programme in two phases. The expansion of Paper Machine-II under phase-I of the programme was completed in the month of Sept. 98 but due to initial teething problems, synchronising of expended capacity machine and proper feeding of pulp to paper machine-II, the production could be stabilised during the month of Feb/March'1999.

## 3. EXPANSION WITH INSTALLATION OF CO-GENERATION SYSTEM :

You will be pleased to know that expansion programme with installation of co-generation system, as was proposed through our report to the shareholders of the company during previous year, had started well in time. It need not to mention that it will overcome not only our difficulties faced during this year in achieving our target but it has also increased the capacity of your company from 28050 M.T. to 41550 M.T. per annum.

Under phase-II of programme, the co-generation site becoming ready after civil works, the supplies from M/s Thermax Ltd. for setting up 32 TPH steam pressure boiler have started coming to site and erection work is in progress in full swing. We do hope that co-generation programme will be completed by Dec' 99 and ready after commissioning in the month of feb/March'2000.

### 4. FUTURE OUTLOOK :

The sign of recovery in demand of company's product is evident in the first quarter in the current year , which is likely to be continued with increase in demand from packing and corrugation industry. The sales of company's product to different parts of the country has also started to pickup. In order to improve company's turnover, management has decided to open regional sales offices in nodal cities. Your company has also taken various steps and now it is concentrating more on markets where demand of our product is more and payments are much faster .

All possible efforts are being made to improve the overall performance of the company and effect of same will start to accrue to the company in the coming months.

### 5. FINANCIAL ASSISTANCE :

You will appreciate that the banks have sanctioned term loan to finance the expansion cum co-generation scheme to the tune of Rs. 950.00 lacs and the bankers, Oriental Bank of Commerce and Punjab & Sind Bank under consortium lending advance have disbursed the term loan of Rs. 270.00 lacs in this F.Y. .

### 6. YEAR 2000 ISSUE :

All critical hardware and software and all the application software have been made Y2K compliant . The company has sufficient internal sources to address any system disruption due to Y2K issue .

### 7. INDUSTRIAL RELATIONS :

The company had harmonious relationship with its work force during the year.

### 8. CAPITAL EXPENDITURE :
